* The SureColor T-Series is designed exclusively for use with only genuine Epson-brand cartridges. Other brands of ink cartridges and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.
[1] Print speeds are based on the print engine speed only. Total throughput time for any print depends on workstation configuration, file size, print resolution, ink coverage, networking, etc. Actual print speeds will vary.
[2] Optional document scanner models DS-530, DS-7500, DS-70000 connect directly to the printer via a USB cable and are for 8.5" x 11" enlargements to poster size documents. Enlargement feature is only compatible with listed scanner models.
[3] Print times are based upon the start of printhead movement over the page to drop ink—Stop time based on printhead moving to the "park" position.

The SureColor® P-Series is designed exclusively for use with our Epson UltraChrome Ink and not for use with any other brands of inks or cartridges.

[1] Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit www.epson.com/connect

[2] Epson UltraChrome ink sets are expected to create prints that have WIR display permanence ratings of up to 200 years for color and 400 years for black-and-white. WIR lightfastness ratings are based on accelerated testing of prints on specified media, displayed indoors, under glass. Actual print stability will vary according to media, printed image, display conditions, light intensity, humidity and atmospheric conditions. Epson does not guarantee longevity of prints. For maximum print life, display all prints under glass or UV-absorbing acrylic and protect them from prolonged high-humidity environments. Visit www.wilhelm-research.com for the latest information.

[3] Posterboard printing available for SC-P700 SC-P900 under specific settings.

* Through Epson Smart Panel Only
