Wireless | Print | Copy | Scan | Fax | Ethernet | PCL¹/PostScript

Supertank All-in-One

Business

The high-speed, high-volume  
Cartridge-Free professional-quality  
business printer with PCL¹.

**Save a ridiculous amount on ink² with revolutionary Cartridge-Free printing** — save up to 80 percent with low-cost replacement ink bottles vs. standard-capacity color laser toner cartridges² — that's about 2 cents per color ISO page vs. 14 cents with color laser toner²

**Built for speed** — up to 17 black/9.5 color ISO ppm print speed¹; no warmup time; fast first page out; PCL/PostScript support¹

**Professional-quality color prints** — Epson® DURABrite® ET pigment inks for crisp, vibrant prints in black-and-white and color

**Engineered for high-volume business environments** — reliability you can count on with a 2-year limited warranty with registration³; PrecisionCore® permanent printhead designed to last the life of the printer

**Less waste** — zero-cartridge waste with high-yield ink bottles

**Fewer out-of-ink frustrations** — Each set of replacement bottles includes enough ink to print up to 7,500 pages black/6,000 color⁴

**Get more done with powerful productivity features** — auto 2-sided printing, 250-sheet paper tray, 2.4" color touchscreen, fax, Ethernet, ADF, face-down output

**Easy control from your mobile device** — the Epson Smart Panel™ app⁵ lets you set up, operate and monitor your printer using your mobile device

**Compact, space-saving design, plus exclusive EcoFit® ink bottles** — uniquely keyed bottles for easy filling of each color; auto start/stop design

**Security features and easy connectivity** — full suite of embedded features protects your data; connect wirelessly with Wi-Fi Direct®⁶; also features voice-activated printing⁷

**Epson Strongly Recommends the Use of Genuine Ink to Ensure Optimal Print Quality and Performance\*** — Use of non-genuine ink could cause damage not covered under the printer's limited warranty

\* This product uses only genuine Epson-brand cartridges. Other brands of ink cartridges and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

1 Not all media types are supported for PCL printing. | 2 Actual savings and costs will vary considerably based on print tasks, print volumes and usage conditions. Savings and cost per ISO page are based on the cost of replacement ink bottles and the cost of enough standard-capacity color laser toner cartridges to achieve the total page yields of the ink bottles using the manufacturers' online prices and yields for the best-selling similarly featured color laser printers, available at retail, priced at \$999 or less (USD) with speeds of 40 ppm or less per industry-available data as of August 2020. Savings of up to \$600 (USD) and cost per ISO page of about \$0.09 (USD) for XL-capacity color laser toner cartridges based on the same methodology. | 3 12 months of standard limited warranty or 80,000 plain paper sheets (whichever happens first). For an additional 12-month extended service plan (total of 24 months or 80,000 plain paper sheets, whichever happens first), register your product and use Epson genuine ink bottles. See Limited Warranty for details. | 4 Part of the ink from the included bottles is used for initial setup; yields are lower than those of replacement ink bottles. Replacement and included ink bottle yields based on the ISO/IEC 24712 pattern with Epson's methodology. Actual ink yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors must be available for printing. For more information, visit [www.epson.com/inkinfo](http://www.epson.com/inkinfo) | 5 Requires Smart Panel app download. Data usage fees may apply. | 6 Wi-Fi CERTIFIED™: level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software. | 7 Epson Connect account and voice-activated account registration required. See [www.epson.com/voice](http://www.epson.com/voice) for device compatibility. | 8 FPOT is measured on letter-size paper in accordance with ISO/IEC 17629. | 9 Monthly duty cycle up to 33,000 is the highest duty a user could expect in a month, based on near-constant operation of a device of this kind. It is not recommended that the device be run at this duty. For best device performance, run the device at the recommended duty of up to 1,600 pages per month. | 10 Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit [www.epson.com/connect](http://www.epson.com/connect) | 11 Requires an Internet connection, a free Epson Connect account and a destination email address or cloud storage account. For a list of supported cloud services, visit [www.epson.com/connect](http://www.epson.com/connect) | 12 Only printing and scanning are supported under Windows Server OS. | 13 Some applications and/or functions may not be supported under Mac OS X. | 14 Internet access is required to install OS X drivers and software. | 15 For convenient and reasonable recycling options, visit [www.epson.com/recycle](http://www.epson.com/recycle) | 16 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
