EcoTank Printers
L4150/L4160

EPSON
EXCEED YOUR VISION

MIGHTY SAVINGS, COMPACT DESIGN.

The design of the new EcoTank printers makes them sleek and compact. With the tank integrated into the printer, these printers have the smallest footprint* amongst all brands of ink tank printers. Enjoy spill-free refilling with individual bottles which have unique nozzles that fit only into their respective tanks. Auto-duplex printing** affords users up to 50% savings on paper costs by printing automatically on both sides of paper. Remain connected with the option to print wirelessly over network or directly from your mobile devices using Wi-Fi Direct. Rejoice in exceptional print quality with the use of pigment black ink which produces water and smudge-resistant printouts.

12 PAISE BLACK

20 PAISE COLOUR*
Composite Colour*

*The total Colour CPP including black ink is 32 paise.

Each printer comes bundled with a starter kit of 1 x 127 mL bottle of black pigment ink and 3 x 70 mL bottles of colour ink.

ENGINEERED FOR BUSINESS

Superior Savings with Auto-duplex**
Save up to 50% on paper cost with auto-duplex function which reduces paper consumption.

Seamless Connectivity
Share your printer over Wi-Fi, Wi-Fi Direct, and print on the go via a suite of Epson Connect features.

A4-size Borderless Printing
Large-size photo printing is made possible with borderless printing up to A4 size.

*1 Print speed (Pages Per Minute) is calculated when printed on A4 plain paper in the fastest mode, 10 x 15 cm photo print speed when printed on Epson Premium Glossy Photo Paper. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

#1 Black Text
#2 Black Text and graphics
#3 Photo 4R (4 x 6 ")

*2 When printed on Epson Premium Glossy Photo Paper.

*3 Default mode in accordance with ISO7779 for MFPs.

*4 Otherwise 3 mm top, left, right, bottom, and except plain paper.

*5 In accordance with ISO 24711/24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridges is used for priming the printer. Ink is used for both printing and print head maintenance. All inks are used for both black and colour printing.
