*IDC Asia Pacific Quarterly Peripherals Tracker 2017 Q3. Volume and Value Market share of A4 Inkjet Printers and MFPs.

*Total Colour Cost Per Print - 18 Paise (CMY) + 7 Paise (K) = 25 Paise. Cost Per Print (CPP) is calculated based on quoted Page Yield for Black (4,500 pages) and Composite (Cyan/Magenta/Yellow - 7,500 Pages) ink bottles, and MRP of Epson genuine ink bottles. Quoted yields are based on the ISO 24711/24712 patterns of mixed text and colour graphics with Epson methodology. Quoted yields are based on the replacement ink bottles purchased. Part of the ink from the included bottles is used for printer startup so yields could be lower than those of replacement ink bottles. Actual yields vary due to reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. Ink is used for both printing and printhead maintenance. All inks are used for both black and colour printing. Quoted CPP applicable for L130, L310, L380 and L405. * Standard warranty period is one year or 30,000 pages whichever comes first.
