Maintenance Box	ST-C8000	C12C934591

[1] Replacement cartridge yields are based on ISO/IEC 24711 tests in Default Mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see www.epson.com/inkinfo

[2] Replacement ink pack yields are estimated based on ISO/IEC 24711 test in Default Mode printing continuously. Ink pack yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included ink packs is used for printer startup and a variable amount of ink remains in the ink pack after the "replace ink pack" signal. For details, see www.epson.com/inkinfo

[3] Ink pack yields are based on the ISO/IEC 24711 standard using the ISO/IEC 19752 pattern in Default Mode printing continuously. Ink pack yields vary considerably for reasons including images printed, print settings, temperature, humidity, and frequency of use. Yields may be lower when printing infrequently. Ink is used for printing and printer maintenance. For print quality, part of the ink from the included ink packs is used for printer startup and a variable amount of ink remains in the ink pack after the "replace ink pack" signal. For details, see www.epson.com/inkinfo | 4 With optional second paper tray. | 5 Wi-Fi CERTIFIED™; level of performance subject to the range of the router being used. Wi-Fi Direct may require printer software.

[4] 748XXL Black cartridge prints about 10,000 ISO pages. 748XXL color cartridges print about 7000 ISO pages on average. Replacement cartridge yields are based on ISO/IEC 24711 tests in Default Mode printing continuously. Cartridge yields vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors have to be installed for printing. For print quality, part of the ink from the included cartridges is used for printer startup and a variable amount of ink remains in the cartridges after the "replace cartridge" signal. For details, see www.epson.com/cartridgeinfo

[5] Part of the ink from the included bottles is used for initial setup; yields are lower than those of replacement ink bottles. Replacement and included ink bottle yields based on the ISO/IEC 24712 pattern with Epson's methodology. Actual ink yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink color. All ink colors are used for printing and printer maintenance, and all colors must be available for printing. For more information, visit www.epson.com/inkinfo

[6] Part of the ink from the included bottle is used for initial setup; yields are lower than those of replacement ink bottles. Included and replacement ink bottle yields based on the ISO/IEC 19752 pattern with Epson's methodology. Actual ink yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Ink is used for printing and printer maintenance, and the ink must be available for printing. For more information, visit www.epson.com/inkinfo

[7] Black and color print speeds are measured in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. For more information, visit www.epson.com/printspeed.

[8] Maximum monthly duty cycle is the highest duty a user could expect in a month, based on near-constant operation of a device of this kind. It is not recommended that the device be run at this duty. For best device performance run the device at the recommended duty.

[9] Promo valid for ST-2000, ST-3000, ST-4000, ST-M1000, ST-M3000, ST-C8000, WF-C5790 Supertank (C11CG02201-LB), and WF-M5799 Supertank (C11CG02201-LB) printers through authorized Epson resellers only from 10/1/19 to 06/30/21. Product must be registered before 07/31/21. Limit 8 additional bottles of 502 inks, 542 inks or 902 packs per printer. Max 8 claims per printer. Each claim cannot contain multiple bottles of the same color. Limit 2 additional bottles of 532 inks or M02XL120 packs per printer. Limit one bottle per claim. Based on average monthly document print volumes of about 150 pages (ST-2000), 300 pages (ST-3000/ST-4000/ ST-M1000/ STM3000/ST-C8000), 500 pages (WF-C5790 Supertank) and 750 pages (WF-M5799). Promo applies to ink only. Printer covered by Epson 2-year ltd warranty. For promo participation you must register your product.

Limited Warranty and Extended Service Plans
Our commercial document scanners come with a 3-year limited warranty featuring Next Business Day Whole Unit Exchange replacement. Simply contact us and we will provide you with packaging and instructions to exchange your unit and get you back up and running quickly.

Within the first year of hardware purchase, you can also choose an Epson Preferred Plus Extended Service Plan for 1 or 2 years of additional coverage. Renewals of Extended Service Plans can be purchased anytime as long as you are covered under either your limited warranty or an Extended Service Plan[1]. Select a plan that best meets your coverage needs, while providing a cost-effective way to protect your investment and manage costs.

Extended Service Plans (ESP's):
• Plans are Next-Business-Day Whole Unit Exchange
• Extended Service Plans are available for years 4 and 5
• 1-year or multi-year plans available

*Must use Dock and Perfection V19 or V39

More Information on this program is available through your authorized Brighter Futures Epson reseller or your Epson Commercial Account Manager. Prices and product specifications are subject to change without notice.
