

# Epson® TrueOrder™ Kitchen Display System (KDS)

The affordable, simple and easy-to-install kitchen display system

Digitize and optimize your custom kitchen workflow with the easy-to-use TrueOrder KDS. Designed to meet the demands of restaurant environments, it features customizable views and supports touch control; offers flexible configurability; is POS-agnostic; supports up to nine stations; and is compatible with multiple devices. Improve kitchen communications by adding an Epson receipt or label printer.

**Increase accuracy** — no more lost or illegible tickets; digital order information is routed directly to your kitchen stations

**Digitize your kitchen operations** — digitize your food prep process and help minimize paper usage

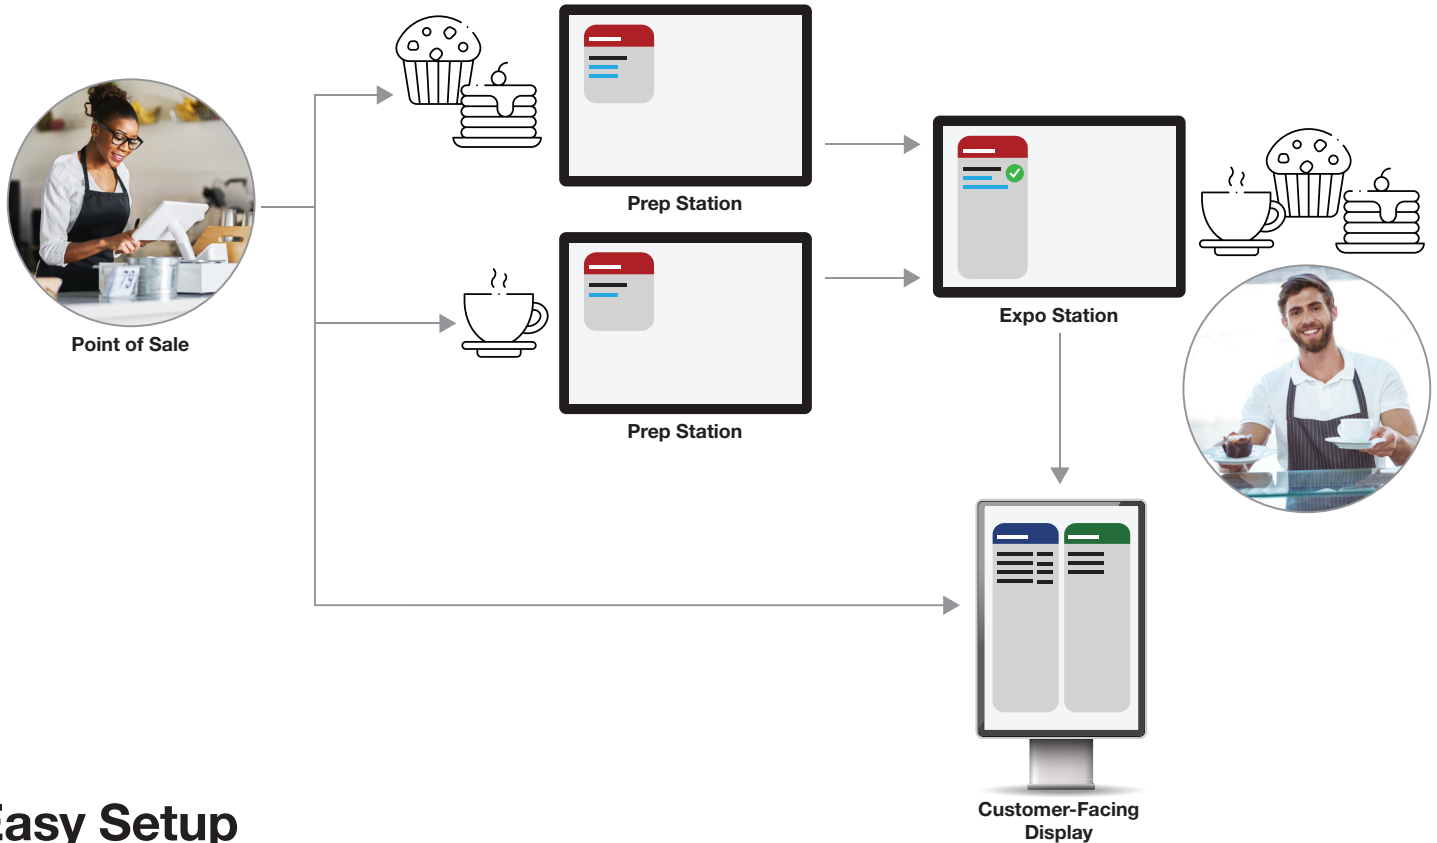

**Custom workflow support** — can be configured to support your kitchen's custom workflow; add an Epson receipt or label printer for more flexibility

**Optimize your kitchen** — with up to nine stations supported, build your optimized kitchen flow

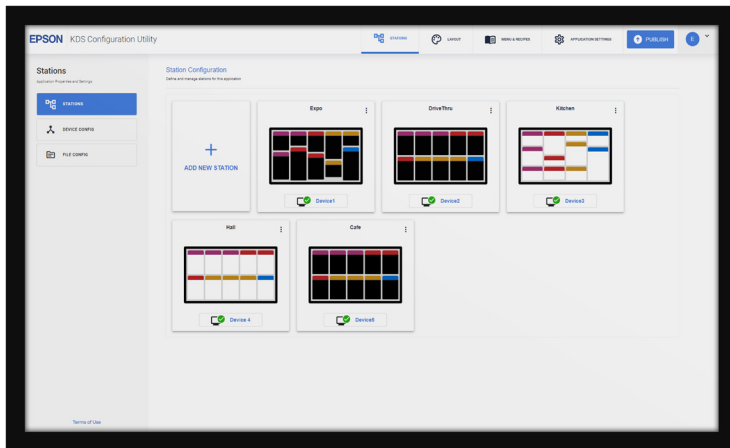

**Easy to learn for new users** — intuitive user interface is designed for easy operation in quick-service restaurant (QSR) or small-restaurant environments

# Get to Know the TrueOrder KDS Workflow

## Easy Setup

**Versatile device support** — provides flexibility to meet your staff's preferences

**Easy setup** — POS-agnostic; compatible with traditional and tablet POS systems, with no software modifications or special licenses needed; easily add your logo to multiple displays

**Simple installation** — versatile solution supports a variety of hardware, including all-in-one touchscreens

**Simple configurator** — intuitive, browser-based configurator utility is accessible from most devices with a Web browser

**Engineered for reliability** — connect to your local network, no Internet connection required
