

**17" (43.18 cm)
Photo Printer.
Printing Creativity.**

PRECISIONCORE

Refined Design Printer:

Combines our advanced 10-channel MicroPiezo® AMCT print head, wide media compatibility and the UltraChrome® PRO10 ink set, to deliver consistent, exhibition-quality prints.

Enhanced Colour Spectrum¹:

UltraChrome® PRO10 ink with violet expands blue tones.

Industry-Leading Print Durability:

Creates prints that last up to 200 years in colour and 400 years in black and white².

No Switching Between Photo Black and Matte Black Ink:

Dedicated channels for photo black and matte black inks eliminate the need to switch ink, helping improve efficiency and minimise waste.

Wide Media Handling:

Includes integrated roll support with automatic cutter for efficient roll production, plus a high-capacity tray for 43.18 x 55.88 cm (17" x 22") cut sheets³.

Intuitive Operation:

The large 4.3" colour touch LCD enables easy setup, control and maintenance.

Enhanced Connectivity:

Includes Ethernet, USB and Wi-Fi™ connectivity.

Carbon Black Mode:

Delivers a rich, deep black with exceptional contrast on glossy paper.

Advanced Software Support for Greater Productivity:

Includes Epson Cloud Solution PORT®⁴ for cloud-based print management from anywhere.

Ink:

High-capacity ink cartridges (200 mL) for greater productivity.

Designed for use exclusively with Epson ink cartridges.*

Printing

Print technology Advanced ten-channel MicroPiezo AMC™ print head with ink-repellent coating technology
Ink type UltraChrome® PR010 pigment ink. Ten-colour ink set
Ink configuration C, VM, Y, LC, VLM, PK, MK, G, LG, V
Fade resistance/Print longevity² Colour: up to 200 years. Black and white: up to 400 years
Nozzle configuration Monochrome and colour heads. 180 nozzles x 10 channels
Droplet technology Minimum droplet size: 1.5 picolitre. Variable-size droplet technology can produce up to three different droplet sizes per pass
Maximum resolution 5,760 x 1,440 dpi
Printer speed³ 41.91 x 59.44 cm (16.5" x 23.4") prints from 2:58 to 13:00; standard mode 4:41
Printer language/drivers Standard Epson ESC/P® raster photo printer drivers

Ink⁶

In-box cartridge capacity 80 mL per colour x 10 colours total
Replacement cartridge capacity 200 mL per colour x 10 colours total

This printer is designed for use exclusively with genuine Epson cartridges, and not with third-party cartridges or inks

Sheet media handling

Maximum sheet size 43.18 cm x 55.88 cm (17" x 22")
Minimum sheet size 20.32 cm x 25.4 cm (8" x 10")
Left/right margins From 6 mm (0.24")
Top/bottom margins 3 mm/15 mm
Top/bottom margins, maximum selected 3 mm on each side
Paper tray Printable side facing outward. Single front-load up to 0.48 mm (0.019") thick
Front media path Single sheet up to 1.50 mm (0.059") thick

Roll media handling

Single top-load roll 20.32 cm to 43.18 cm wide
Media spindle 43.18 cm wide
Standard core 5.08 cm, 7.62 cm adapters
Roll thickness range Paper from 0.08 mm, up to 0.5 mm thick
Roll cutter⁷ Internal high-speed rotary cutter. Automatic or manual

Printable area

Maximum media width 431 mm (17")
Minimum cut-sheet size 203 mm x 254 mm (8" x 10") without margins
Maximum printable roll length⁷ 1,343.66 cm (529.0 in. min.)
Line accuracy ±0.2% of specified length (±0.26 mm min.)
Minimum automatic cut length 12.7 cm plus top/bottom margin
Top/bottom margin (mm) Varies by media: 3, 15, 20, 35; or 0 when using borderless cutting
Left/right margins 3 mm on each side, 6 mm total, or 0" on supported BorderFree® widths
BorderFree® on 5.08 cm (2") and 7.62 cm (3") 254 mm, 330 mm, 355 mm, 406 mm and 431 mm
BorderFree® on 5.08 cm (2") cores only, with spacer 203 mm, 279 mm and 419 mm
Remaining roll paper Printable barcode tracking system

Printer interfaces

Hi-Speed USB 3.0 (1 port)
 Ethernet (1000 Base-T, 100 Base-TX, 10 Base-T); (1 port)
 2.4 GHz wireless (IEEE 802.11 b/g/n) and 5 GHz wireless (IEEE 802.11 a/n/ac); Wi-Fi™ Direct, AirPrint®, Epson Print Layout for Mac® and iPadOS®

Compatible operating systems⁹

Windows® 11, Windows® 10, Windows® 8.1, Windows® 8, Windows® 7, Windows Server 2012 R2, Mac OS X® 10.9.5 or later

General information

Weight and dimensions (W. x D. x H.)
 863 x 762 x 406 mm (storage and operation) / 863 x 1,143 x 406 mm (paper tray extended)
Weight: 53.07 kg
Acoustic noise level Less than 47 dB(A), per ISO 7779
Temperature
 Operating: 10 °C to 35 °C
 Operating (recommended): 18 °C to 24 °C
 Storage: -20 °C to 40 °C
Relative humidity
 Operating: 20% – 80% (non-condensing)
 Operating (recommended): 45% – 60% (non-condensing)
 Storage: 5% – 85% (non-condensing)
Electrical requirements
 Voltage: 110 – 240 V
 Frequency: 50 – 60 Hz
 Current: 0.7 A

Power consumption

Printing: Approx. 52 W
 Ready: Approx. 20 W
 Sleep mode: Approx. 5.0 W (Ethernet 1000 Base-T on standby)
 Off: Less than 0.5 W (ENERGY STAR® certified)

Standards and approvals

FCC Part 15, Subpart B, Class B (United States)
 CAN ICES-3(B)/NMB-3(B) (Canada)
 AS/NZS CISPR 32 Class B (Australia)
Country of origin China

What's in the box

SureColor® P5370 printer; initial ink cartridge set (10 x 80 mL): photo black, cyan, vivid magenta, yellow, light cyan, vivid light magenta, grey, matte black, light grey and violet; user guide kit (documentation and one-year limited warranty statement); roll media spindle; 3" core adapters; borderless spacer; power cable

Eco-friendly features⁸

ENERGY STAR 3.0
RoHS compliant Yes
End-of-life options available¹⁰ Yes
 Epson America, Inc. is a SmartWay® transport partner¹¹

Limited warranty and technical service

Warranty One-year limited warranty
Service On-site repairs, with free telephone support Monday through Friday

CoverPlus^{12,13} extended service plans

The CoverPlus extended warranty allows you to extend your coverage by up to four additional years.

This product uses only genuine Epson-brand ink cartridges. Other brands of ink cartridges are not compatible and, even if described as compatible, may not function properly or at all.

¹ Compared to the previous-generation UltraChrome® HD ink. ¹² Print permanence based on laboratory testing. Light-fastness ratings from Wilhelm Imaging Research are based on specific indoor display conditions behind glass. Actual print speeds will vary based on media, image, conditions and printer resolution. Epson guarantees print permanence. For maximum print longevity, mount all prints under acrylic in 80-lux environments (100 lux for extended protection). Visit www.Wilhelm-research.com for the latest information. ¹³ When printing on resin-coated inkjet paper. ¹⁴ All features of this system require an active internet connection and a compatible browser. ¹⁵ Print speeds are based on print engine speed only. Total production time for any print depends on various factors, including workstation configuration, file size, print resolution, ink coverage and network speed. Actual print speeds may vary. ¹⁶ Cartridge yield will vary considerably depending on images printed, printer settings, media type, ink coverage, frequency of use, temperature and humidity. Yield may be greater when printing predominantly with one ink colour. Ink is used for printing and printer maintenance: all colours must be available for printing. For print quality, a variable amount of ink remains when the "replace cartridge" indicator activates. ¹⁷ When printing on resin-coated inkjet paper. ¹⁸ Print speeds are based solely on print engine speed. Total print time depends on workstation configuration, file size, resolution, ink coverage and network speed. Actual speeds may vary. ¹⁹ For information on the latest supported operating systems, visit www.epson.com/support. ²⁰ For the latest three years of most recent reports, visit www.epson.com. ²¹ SmartWay® is a registered trademark of a registered association of the U.S. Environmental Protection Agency that reduces greenhouse gas emissions and improves fuel efficiency in the transportation supply chain. ²² For more details, please read the specific service plan. ²³ The product comes with a one-year limited warranty, with the option to purchase extended service plans up to the same level of contract coverage.
