\*Leading Epson business and education projectors vs. leading 1-chip DLP projectors, selected according to NPD data as of July 2015. Based on U.S. research conducted by Radius Research.  
\*World's No.1 Projector brand (2001 – 2020) and No.1 Home Projector brand (2015 – 2020) based on Futuresource Consulting data.

# IT'S ALL IN THE DETAILS.

## True CLARITY

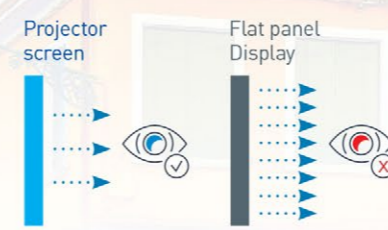

Higher resolution, better presentation.

**SEE MORE CONTENT**  
With higher resolution, see more content at one glance.

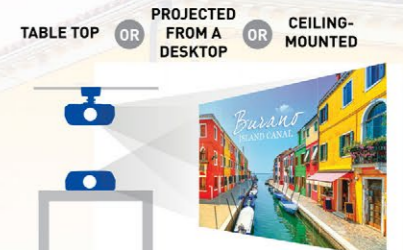

**GET CLEARER VIEW**  
With better image quality, visuals stay sharp and clear, ideal for presentations with fine details.

**Projector screen has less blue light exposure.** Providing a more comfortable viewing experience.

**Tired of a fixed 65 to 70" screen size?**  
Achieve a bigger and more flexible screen size with projectors. A bigger screen means better visibility.

**Tired of always watching TV in a fixed place?**  
Be spoilt for choice with the flexible placements that projectors offer. You could even just do a simple plug and play.

**The choice is clear** - make the switch to projectors today for a larger and more flexible viewing experience that is also kinder on your eyes.
