

SurePress L-4x33 Substrates

Updated May 22 2019

This is a list of substrates that have been used on the SurePress L-4x33. This list does not guarantee a minimum print quality or print speed, please test substrates from each vendor to insure the substrates meet your requirements.

Text in blue indicates a substrate used on the L-4033. These materials are likely to work on both models.

Text in black indicates a substrate used on both the L-4033 and L-4533.

Text in green indicates a substrate used on the 4533.
