Interactive Displays

Bright, dynamic and easy to use, BrightLink® interactive displays turn almost any existing dry-erase board or plain wall into an interactive space, and feature advanced networking and wireless capabilities.

Ultra Short and Short-throw Displays

These bright, versatile displays allow teachers to share larger-than-life images from a short distance away with minimal shadows and glare. And they offer broad wireless support.

Classroom Projectors

From advanced networking projectors to budget-friendly and portable solutions, Epson's full line of bright classroom projectors offers wireless support for Chromebooks, plus premium audio and long-lasting lamps and lasers.

Large-venue Projectors

Designed for exceptional performance, Epson large-venue installation projectors offer powerful brightness and advanced features for virtually all large spaces, including auditoriums, gymnasiums, cafeterias and more.
