

# Epson<sup>®</sup> Print Admin Serverless

Business Printers

Software

## The serverless print management solution for enhanced productivity.

**Embedded solution** — no server installation required

**Device authentication** — via LDAP, name/password, PIN number or card reader

**Usage reports** — log and track usage

**Print job security and retention** — securely access and release jobs from the printer; save jobs to printers for printing at a later time

**Simplified scanning workflow** — scan and send documents to My Email or My Folder

**Secure printing from any PC** — access user accounts via user name and password

**Task tracker** — built-in meter to count pages for print, copy, scan and fax

**Job modifications** — use the printer's control panel for last-minute changes, such as number of copies

**General Features**
