## Limited Warranty and Service\*\*

Warranty 1-year limited warranty  
**Extended Service Plans** Full Plan EPPSCG9000SIFS1L  
 Purchase before the standard warranty expires  
 Available for a total of up to 5 years of continuous coverage

\* This product uses only genuine Epson-brand ink packs. Other brands of ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all. \*\* Product comes with a 1-year limited warranty with the option to purchase extended service plans up to a total of 5 years of continuous coverage. 1 1 Print speeds are based on the print engine speed only. Total throughput time for any print depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking. Actual print speeds will vary. 2 2 All features of this system require an active Internet connection and the use of a supported browser. 3 3 When applied to fabric and appropriately fixed, UltraChrome DF Ink has passed the standards set by OEKO-TEX ECO PASSPORT. For further details on these standards, please visit [oeko-tex.com/ecopass](http://oeko-tex.com/ecopass). 4 4 Part of the ink from the first cartridges/packs is used for initializing the printer. Ink usage will vary considerably based on images printed, print settings, media type (film), frequency of use, temperature and humidity. Variance may be more pronounced when printing infrequently or predominantly with one ink color. Ink is used for printing and printer maintenance, and all colors must be available for printing. For print quality, a variable amount of ink remains after the "replace ink" indicator comes on. 5 5 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
