BUILT FOR BUSINESS

HIGHER EFFICIENCY AT AMAZING VALUE

Incredibly Low Running Costs and Less Downtime

The WorkForce Enterprise features a simple design with fewer moving parts than colour laser printers, resulting in less time and effort, and fewer components required for standard maintenance. This means dramatically reducing your cost of service and downtime.

Parts needing replacement after printing 1 million pages³:

Remarkably Low Power Consumption

With minimal heat involved in the printing process, the WorkForce Enterprise consumes up to 75% less power² in a print job compared to a competing laser printer, resulting in higher efficiency for your business and greater positive impact on the environment. Enjoy more cost-savings when you convert to WorkForce Enterprise at TEC value of 1.2kWh per week, which is remarkably low as compared to laser printers.

HASSLE-FREE OPERATION

Friendly Operability

The WorkForce Enterprise makes it easy for large workgroups to print, copy, scan to email and more at ultra-fast speeds. When it comes to replacing the ink, there are no messy toner cartridges to deal with and no waiting for parts to cool.
