

# A FANTASTIC PORTABLE ALL-IN-ONE HOME THEATRE EXPERIENCE

EpiqVision Mini EF-11/EF-12 Laser Projection TV

**EPSON**  
EXCEED YOUR VISION

The Epson EpiqVision™ Mini EF-11 and EF-12 Smart Streaming Laser Projector is all you need to bring alive the big-screen home cinema experience. Whether you're watching your favourite TV shows or hosting an outdoor movie night, this portable projector can be used to project anywhere within your home or outdoors. Enjoy a truly cinematic viewing environment with sound by Yamaha<sup>1</sup> and brilliant images - supersized to an impressive 381 cm (150 inch). You can get seamless access to popular streaming services with built-in Android TV<sup>2</sup>, while the Google Assistant<sup>3</sup> can help you quickly access content and control devices around your home. With Chromecast™ built-in, you can cast your favourite entertainment apps from your Android™ and iOS device, Mac or Windows computer, or Chromebook<sup>4</sup>.

## Smart Home Entertainment

Built-in Android TV<sup>2</sup> offers thousands of movies, shows and games on your favourite OTT platforms.

## High-quality, Sharp Images

Epson's MicroLaser Array Projection Technology produces an exceptional level of brightness while significantly enhancing the black density.

## Sound by Yamaha<sup>1</sup>

Custom-designed audiophile speaker system for immersive audio with amazing bass; connect via Bluetooth® to use as a standalone speaker.

androidtv

<sup>1</sup>Yamaha is a registered trademark of Yamaha Corporation. <sup>2</sup>In order to use the Android TV, the device must be configured on a network via a wireless connection of 5 Mbps or faster. <sup>3</sup>Google Search function is worldwide. Google Search cannot communicate the Smart solution with Google Home. Google Assistant is not available in certain languages and countries. <sup>4</sup>Casting optimised for selected services only. Streaming quality for other content may vary. Supported operating systems and devices: Android 2.3 and higher iOS® 7 and higher, Windows® 7 and higher, Mac OS® 7 and higher and Chrome OS (version 38 or higher).

Google is a registered trademark and YouTube and Google Play is a trademark of Google LLC

Immersive home viewing experience brought to you on an adjustable 150-inch of vivid, frameless screen with rich sound from built-in Yamaha speaker\* anywhere in your home.

\*Applicable to EF-12 only.

## Stylish and modern

Fits right into your space, EpiqVision's iconic square form blends perfectly into the aesthetic of your living area. With fine copper accents on leather-like texture, the EpiqVision Mini EF-12 Laser projection TV screams luxury and fine craftsmanship.

## Bask in the true sound

Immerse in rich audio with the built-in Yamaha speaker\* while you enjoy your favourite contents. Works as a standalone Bluetooth speaker\* for your music while you relax at the comfort of your home.

\* Applicable to EF-12 only.

sound by  **YAMAHA**

## Fits any corner of the room

Portable and compact, bring the EpiqVision into any room and begin projecting from your smartphone via the built-in Miracast\*. You can also simply mount it with any VESA mount or tripod and enjoy.

\* Built-in only for EF-11, EF-12 requires downloading of third party app.

## Epson Online Meetings

Just start up your projector and begin video conferencing with no additional fuss. Zoom-ready, the EpiqVision Mini EF-12 Laser Projection TV is equipped to handle group calls, online meetings and conferences without needing extra software.

Joining a ZOOM meeting:

### STEP 1

Connect your webcam to the USB port on the projector.

### STEP 2

On the Epson Online Meetings, enter the meeting ID and password.

### STEP 3

Select join meeting.

Epson Online Meetings App has been created by Epson using Zoom's SDK (Software Development Kit), and specifications/functions may differ from the Zoom's original Apps.

Voice control

## Smart devices-ready

With Chromecast built-in<sup>1</sup>, you can easily cast movies, shows and photos from your Android or iOS device to your screen.

## Easy installation

Auto Installation function automatically adjusts projection with horizontal and vertical keystone correction<sup>2</sup> without prior settings and complex cable management. Screen distortion and focus level are also optimised automatically with the built-in camera.

## Do more with your projector

Unlock limitless possibilities with Google Play on your projector. Play your favorite games and watch the latest videos whenever you want.

Google is a registered trademark and YouTube and Google Play is a trademark of Google LLC.

<sup>1</sup> Applicable to EF-12 only. Casting optimized for selected services only. Streaming quality for other content might vary. Supported operating system and devices: Android 2.3 and higher, iOS (R) 7 and higher, Windows (R) 7 and higher, MAC OS (R) 10.7 and higher and Chrome OS (version 38 or higher).

<sup>2</sup> Applicable to EF-12 only. EF-11 only has auto vertical keystone correction.

### High contrast with HDR\*

With support for the latest HDR10/HLG format, colours pop on screen with stunning high contrast. Epson's own detail enhancement technology spruces up images to stand out clearer and sharper.

### Quick start-up

With the short start-up time needed for the EpiqVision projectors, start watching the latest movies and catch up on your favorite shows without further delay and hassle.

### Low maintenance cost

With 20,000 hours of laser light source life, EpiqVision Laser Projection TV practically have little to no maintenance costs<sup>1</sup> while you enjoy more than 10 years of entertainment<sup>2</sup>.

\* Applicable to EF-12 only. <sup>1</sup> Light source only. <sup>2</sup> 10 years calculated by 3.15 hours use per day.
