

# Epson® and SMART® All-in-One System

Leaders in K-12 classroom solutions, Epson and SMART have joined together to create a new all-in-one interactive whiteboard (IWB) system, consisting of short- and ultra short-throw Epson projectors and SMART Board® IWBs with integrated projector controls.

Projected image simulated.

## **A fully integrated solution**

Epson projectors are compatible with the SMART Extended Control Panel (ECP); control the projector power, volume and input from select SMART Boards. Mutually tested and certified for compatibility by SMART and Epson.

## **An excellent opportunity**

Replace aging classroom projectors with new, high-quality Epson short- or ultra short-throw projectors.

## **Bright, vivid images that will engage any audience**

Epson projectors offer up to 3x Higher Color Brightness than competitive 1-chip DLP projectors<sup>1</sup>.

## **SMART Board M600 and 800 Series IWBs**

Designed for the classroom, SMART Board IWBs include SMART Learning Suite, which features several software solutions that facilitate an engaging and interactive learning experience.

## **Channel-created bundles**

IWB and ECP from SMART; projector and mount from Epson.

## Option 1

### Bundle select Epson projectors with a SMART Board® IWB system

#### Epson PowerLite® 530, 680 and 685W projectors for SMART

Specially designed to work with SMART interactive whiteboards, these projectors make the perfect partner for select IWBs that ship with SMART Learning Suite.

- Tested by both SMART and Epson for compatibility
- Features special projector firmware for SMART Boards, which allows the SMART ECP to control various projector functions
- Includes a 3-year extended warranty (total of 5 years) as well as a replacement lamp, a \$219 value

Available from Epson

	PowerLite 530 for SMART	PowerLite 680 for SMART	PowerLite 685W for SMART
<b>Image Size</b>	77" diagonal	77" diagonal	87" diagonal

# Option 1

## SMART Board® interactive whiteboards for Epson projectors

Specially created SKUs support integrated projector controls for select Epson projectors. SMART Board interactive whiteboards for Epson projectors include SMART Learning Suite software solutions, integrated pen tray and projector controls (ECP), as well as a y-cable, power source and cord to support the Epson projector.

Compatible SMART Board M600 and 800 Series models are designated with an 'E' at the end of the SKU number.

- SBM680E, SBM685E
- SB880E, SB885E

### SMART Board M600 and 800 Series IWBs for Epson

Comes with SMART Learning Suite, which includes five education software solutions — SMART Notebook®, SMART amp™, SMART Lesson Activity Builder, SMART response 2, and SMART Learning Suite Online — in one comprehensive package.

Available from SMART Technologies

	M680	M685	880	885
<b>Part Number</b>	SBM680E	SBM685E	SB880E	SB885E
<b>Size</b>	77" diagonal	87" diagonal	77" diagonal	87" diagonal
<b>Resolution / Aspect Ratio</b>	XGA, 4:3	WXGA, 16:10	XGA, 4:3	WXGA, 16:10
<b>IWB Education Price*</b>	Refer to SMART price list			

## Option 2

### Refresh existing SMART Board® systems with select Epson projectors

#### Epson PowerLite projectors are compatible with SMART Board IWBs

Epson projectors offer an excellent choice for replacing SMART classroom projectors in existing all-in-one IWB systems.

- Replace aging SMART projectors with new Epson short-throw or ultra short-throw projectors
- Customers are able to continue to enjoy the all-in-one solution by retaining integrated ECP functionality on SMART Board M600 and 800 series systems

#### Available from Epson

<sup>1</sup> Color brightness (color light output) in brightest mode, measured by a third-party lab in accordance with IDMS 15.4. Color brightness will vary depending on usage conditions. Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP projectors based on PMA Research sales data for Dec. 2015 through Nov. 2016. <sup>2</sup> Color brightness (color light output) and white brightness (white light output) will vary depending on usage conditions. Color light output measured in accordance with IDMS 15.4; white light output measured in accordance with ISO 21118. <sup>3</sup> For PowerLite 530 and 680, select the Epson wall mount or the Epson-to-SMART adapter plate. Adapter plate allows Epson PowerLite 530, 680 or 685W to attach to the SMART wall mount. If you do not use adapter plate, the Epson wall mount should be used. <sup>4</sup> Contains required power and cable adapters to connect the Epson projector to the SMART interactive whiteboard.
