

Technical specifications EcoTank® M1180

Print	
Printing Technology	Optimized monochromatic PrecisionCore® inkjet
Printing direction	Bidirectional
Number of injectors	800 black injectors (2 rows of 400 injectors)
Minimum ink drop size	2.8 picolitres with variable-size ink droplet technology
Printing Language	Epson ESC/P-R, PCL 5 emulation ¹ , PCL 6 emulation ¹
Max. Printing resolution	1200 dpi x 2400 dpi
Max. Printing speed¹	39 ppm (black)
ISO printing speed¹	One-side:20 ISO ppm, two-sided: 9 ISO ppm
First page out	6 seconds Black (from stand-by)
Recommended monthly work cycle¹	250 - 1,500 pages
Max. monthly work cycle²	Up to 20,000
Automatic duplex	Yes
CONNECTIVITY	
Standard connectivity³	USB 2.0 Hi-Speed, Wi-Fi (802.11 b/g/n), Wi-Fi Direct ⁴ , Ethernet 10/100 Mbps
Network protocols	TCP/IP v4/v6
WLAN security	WEP (64bit/128bit), WPA-PSK (TKIP), WPA2-PSK (AES)
Operating systems	Windows Vista ⁵ / Windows [®] 7/ Windows [®] 8/ Windows [®] 8.1/ Windows [®] 10 (32 bit, 64 bit), Windows Server [®] 2003 (SP2) / Windows Server [®] 2016 ⁶ / Mac OS [®] X 10.6.8 / Mac OS [®] 10.14.x ⁷
MOBILE PRINTING⁸	Epson Connect™ Solutions: Epson iPrint™ App (iOS™, Android™), Epson Email Print™, Remote Print Driver, Google Cloud Print™, Mopria Print Service™.
PAPER HANDLING	
Number of paper trays	1 front tray (250 pages), 1 rear feed (1 page)
Input paper capacity	251 standard sheets, 10 envelopes and 30 postcards
Output paper capacity	100 sheets of plain paper (A4 / letter), 20 postcards
Maximum paper size	Legal (216 mm x 356 mm)
Compatible paper sizes	Oficio 9 (215 x 315mm/8.46 x 12.4inch), Oficio or folio (216 x 330mm/8.5 x 13inch), Oficio Mexico (216 x 340mm/8.5 x 13.4inch), Legal, Letter, A4, Executive, Half Letter, A6, Personalized sizes (89 x 127 mm - 215.9 mm x 1200 mm)
Paper types	Paper normal, Premium Presentation Paper Matte, Premium Presentation Paper Matte Double-Sided
Supported paper weights	64 g/m ² - 165 g/m ²
GENERAL	
Weight and dimensions (w x d x h)	37.5 x 34.7 x 15.1 cm (14.7" x 13.66" x 5.94") Weight: 4.3 kg (9.48 lb), excludes ink and cables

What's in the box	EcoTank® M1180, Electric cable, installation guide, CD-ROM with drivers, USB cable, 2 black T534 initialization bottles, Epson® print driver, PCL 5c driver emulation ¹ , PCL 6 driver emulation ¹
Country of origin	Philippines
Warranty	Standard 1 year warranty and extended 5 years when registering your product ⁹
Power consumption (approximate)	Operating mode: 13 W ISO 24712 Standby mode: 5 W, Sleep mode: 0.7 W, Off mode: 0.2 W
Normal tension	CA 100 - 240 V
Nominal frequency	50 - 60 Hz
Rated current	0.5 - 0.2 A
INK	
Yield for included ink bottles	2 bottles with black ink combined yield up to 11,000 pages ¹⁰
Replacement ink T534	1 bottles with black ink yields up to 6,000 pages ¹⁰
Replacement ink T534S	1 bottles with black ink yields up to 2,000 pages ¹⁰
Epson original pigmented ink	Special for printing documents with clear, sharp and durable tints that are resistance to water and decoloration. This EcoTank® M1180 was designed to use Epson's original ink bottles. Epson strongly recommends the use of original ink to ensure reliable print quality results. Do not compromise your warranty using non-original ink that could cause damage not covered.

¹Epson ink tank units sold around the world by october 2018. ECOTANK is a trade mark of Seiko Epson Corporation. ²Maximum pages per minute (PPM) are measured from the first page and are based on text patterns, in draft mode, with plain paper. The actual printing and copying times vary, depending on factors including the system configuration, the software used and the complexity of the page. ³1,545,500.0 The black printing speed is measured in accordance with the ISO / IEC 24734 standard, and copied with the 29163 standard. The actual printing and copying times will vary depending on factors such as system configuration, software and complexity of the page. For more information, visit www.latin-epson.com/ispd ⁴11 The PCL6 print speed is measured according to the ISO / IEC 17629 pattern from standby with Adobe Reader files. ⁵Not all media types are compatible with PCL 6 printing. ⁶Compared to A4 monochromatic laser printers and the best-selling multifunctional printers, with an ISO speed range of 1 to 30 ppm, sold during 2017 in Latin America. Calculation based on continuous printing with individual cartridges of greater capacity. The actual savings will vary depending on the print jobs and the conditions of use. ⁷Wi-Fi Certified™. The level of performance depends on the scope of the router used. Wi-Fi Direct™ may require printer software. ⁸Most functions require an internet connection to the printer, in addition to an internet-enabled device and/or email. For a list of Epson Connect™-enabled printers and compatible devices and apps, visit www.latin-epson.com/connect ⁹The standard warranty is 0 to 3 months with no page limits and 4 to 12 months or 25,000 pages (whichever comes first). To obtain an additional 48 months (total of 60 months warranty) or up to 60,000 pages (whichever comes first), register your product within 30 days from the date of purchase of the product and use original Epson ink bottles. For more information on the Extended Warranty program, visit www.latin-epson.com/generalia. Applies for equipment purchased before March 31, 2020. This is a limited time offer. ¹⁰Part of the ink of the included bottles is used for the initial configuration so the yields are lower than those of the replacement ink bottles. Yields of the replacement ink bottles based on the ISO / IEC 19353 standard methodology. The yields for such products vary considerably and depend on the printed images, print settings, temperature and humidity. The ink is used to print and maintain the printer, and the ink must be available for printing. For more information, visit www.latin-epson.com ¹¹Values based on the equivalence of the performance of the 2 bottles included with the Epson EcoTank™ M-Series equipment, expressed in cost per page and weighted performance of the "laser equivalent series" replacement cartridges. ¹²The energy saving is compared to the "laser equivalent sample" based on the manufacturer's operating voltage specification. The exact energy savings will vary depending on the use of the product. ¹³A monthly work cycle of up to 20,000 pages is the highest cycle that a user can expect in a month based on an almost constant operation of a device of this type. It is not advisable to operate the device with this work cycle. To get the best performance from the device, operate the device at the recommended duty cycle of 250 - 1,500 pages per month. ¹⁴Only printing is compatible with the Windows Server operating system. ¹⁵To install the OS X drivers and software, internet access is required. Some applications or features may not be available in Mac OS X.
