

## ELPCS01

Mobile Projector Cart

Shown with projector  
(sold separately)

**Take big ideas almost anywhere.**

**Bright, up to 160" image** — deliver images up to 160" from mere inches away from the wall when used with the PowerLite® 810E/815E projector (sold separately); the projector features 4K Enhancement Technology<sup>1</sup> and 5,000 lumens of color and white brightness<sup>2</sup>

**Big experiences on the go** — features locking casters and low center of gravity; transform almost any wall into into a learning space; lightweight solution that can be moved by nearly anyone; ideal for shared spaces such as classrooms, gyms, meeting rooms and more

**Highly scalable solution with minimal installation and easy setup** — effortlessly transports the installed projector, which can display a 100" to 160" image virtually anywhere (sold separately)

**Intuitive user panel on the cart for easy projector control** — On/Off, source selection, volume change, image adjustment—all at your fingertips

**Supports wireless casting** — the projector (sold separately) provides wireless networking and casting capability via Miracast® or the Epson iProjection™ app<sup>3</sup>

**Versatile connectivity** — built-in USB hub and power outlets; connect to additional speakers, webcams and more

**Aesthetically pleasing design** — harmonizes with education and corporate environments

**Built-in locking slot** — allows users to safely secure the projector and other devices in the cart

**Convenient laptop shelf** — included PC shelf can be attached for laptop storage

**Designed with performance and practicality in mind** — fabric door optimized for crisp, clear audio experience; spacious cabinet for convenient storage of computer and other technology products

Compatible Projector:	
PowerLite 810E	V11HA99020
PowerLite 815E	V11HA99120

Shown with projector  
(sold separately)

1 4K Enhancement Technology shifts each pixel to surpass Full HD resolution on screen. | 2 Color brightness (color light output) and white brightness (white light output) will vary depending on usage conditions. Color light output measured in accordance with IDMS 15.4; white light output measured in accordance with ISO 21118. | 3 For wireless functionality, including via the Epson iProjection App, the projector must be configured on a network, either through the Ethernet port on the projector (check model specifications for availability) or via a wireless connection. Check your owner's manual to determine if a wireless LAN module must be purchased separately to enable a wireless connection. Not all Epson projectors are able to be networked. The Epson iProjection App does not support all files and formats. See [www.epson.com](http://www.epson.com) for details. | 4 For convenient and reasonable recycling options, visit [www.epson.com/recycle](http://www.epson.com/recycle) | 5 SmartWay is an innovative partnership of the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency.
