## Outstanding Print Quality

Outstanding print quality at resolutions up to 2400 x 1200 dpi

## Durable Prints

Instant-dry pigment ink technology is water-resistant, scratch-resistant and scuff-resistant

## Versatile Use

Print posters, photos, banners, canvas and blueprints

## Easy to Use

Simple easy to use interface with full color 4.3" color touchscreen interface

## Directly Connect Scanner to Printer<sup>2</sup>

Scanner integrates directly with touch screen interface - Create enlargements without the need of a computer or special software

\* These products use only genuine Epson-brand cartridges or ink Packs. Other brands of ink cartridges, ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

<sup>1</sup> T3170x uses Epson Pigment and Dye ink technology.

<sup>2</sup> Supported scanners for the direct connection feature are DS-530, DS-7500 and DS-70000.

Wide-Format Printers

Easily scan and share documents; up to 600 dpi for sharing scans via USB, email, or send to shared network folders.

## Outstanding Print Quality

Outstanding print quality at resolutions up to 2400 x 1200 dpi

## Durable Prints

Instant-dry pigment ink technology is water-resistant, scratch-resistant and scuff-resistant

## Versatile Use

Print posters, photos, banners, canvas and blueprints

## Easy to Use

Simple easy to use interface with full color 4.3" color touchscreen interface

**SureColor T5470M**  
Similar to the SureColor T5475 with an integrated with 36" CIS Scanner.

Supports multi-page scanning, copying and scan to USB drive.

## Outstanding Print Quality

Outstanding print quality at extremely high resolutions produces enormous detail and sharpness on every image.

## Durable and Long Lasting Prints<sup>2</sup>

Wide color gamut for unmatched color and clarity, UltraChrome Inks are Instant dry, in addition to being water resistant, scratch-resistant and scuff-resistant. These latest generation pigment-based inks produce prints that will last up to 200 years in color and 400 years for B&W

**ULTRACHROME**  
**PRO10 INK**

## Professional Media Handling

Accommodates rolls and sheet media using Epson Professional, Signature Worthy and Legacy papers as well as third-party media

## Easy to Use

The new SureColor P700 and SureColor P900 features a 4.3" customizable touchscreen, wireless connectivity for fast, convenient operation

## Print Directly from iOS Devices<sup>1</sup>

Epson Print Layout for iOS allows you to easily print fully color-managed photos from your iOS device.

\* These products use only genuine Epson-brand cartridges or ink packs. Other brands of ink cartridges, ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

<sup>1</sup> Epson Print Layout iOS and iPadOS only available on SC-P700 and SC-P900

<sup>2</sup> Ink lightfastness rating based on accelerated testing of prints on specialty media, displayed indoors, under glass. Actual print stability will vary according to media, printed image, display conditions, light intensity, humidity and atmospheric conditions. Epson does not guarantee longevity of prints. For maximum print life, display all prints under glass or lamination or properly store them. Visit [www.wilhelm-research.com](http://www.wilhelm-research.com) for the latest information.

\* The SureColor T-Series is designed exclusively for use with only genuine Epson-brand cartridges. Other brands of ink cartridges and ink supplies are not compatible and, even if described as compatible, may not function properly or at all.

¹ Print speeds are based on the print engine speed only. Total throughput time for any print depends on workstation configuration, file size, print resolution, ink coverage, networking, etc. Actual print speeds will vary.

² Optional document scanner models DS-530, DS-7500, DS-70000 connect directly to the printer via a USB cable and are for 8.5" x 11" enlargements to poster size documents. Enlargement feature is only compatible with listed scanner models.

³ Print times are based upon the start of printhead movement over the page to drop ink—Stop time based on printhead moving to the "park" position.

The SureColor® P-Series is designed exclusively for use with our Epson UltraChrome Ink and not for use with any other brands of inks or cartridges.

<sup>1</sup> Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit [www.epson.com/connect](http://www.epson.com/connect)

<sup>2</sup> Epson UltraChrome ink sets are expected to create prints that have WIR display permanence ratings of up to 200 years for color and 400 years for black-and-white. WIR lightfastness ratings are based on accelerated testing of prints on specified media, displayed indoors, under glass. Actual print stability will vary according to media, printed image, display conditions, light intensity, humidity and atmospheric conditions. Epson does not guarantee longevity of prints. For maximum print life, display all prints under glass or UV-absorbing acrylic and protect them from prolonged high-humidity environments. Visit [www.wilhelm-research.com](http://www.wilhelm-research.com) for the latest information.

<sup>3</sup> Posterboard printing available for SC-P700 SC-P900 under specific settings.
