Perfect for Commercial Purpose: Epson EcoTank L15160

Key Highlights:

- Epson, the first brand to introduce InkTank technology in India recently launched EcoTank L15160, which is specifically designed for commercial use
- The model has duplex printing, scan, copy, fax with ADF option and the maximum print resolution is 4800*1200 dpi
- Priced at INR 86,999 the printer comes with a built-in scanner that can scan paper of upto A3 plus size
- Epson L15160 can print at a much lower cost as compared to laser printers. The color printout costs 48 paisa per print, and black and white costs 12 paisa per print. The black and white ink bottle costs INR 899 and can print upto 7,500 pages, whereas the color ink bottle costs around INR 799 and can print upto 6,000 pages color and 7,500 black and white
- The printer uses PrecisionCore Heat-Free technology which consumes less power
- Epson claims that that printer can print 32 pages per minute in draft printing option and 24 pages per minute in standard print option
- Have 3 paper trays. Can load 250 sheets in 1&2nd trays.
- Overall with low cost, high quality printing, printing speed, ink refilling system offers great value for small and medium sized enterprises and corporate offices.
