Exceed Your Vision™

As one of the world's leading performance imaging companies, Epson sets the benchmark for print quality. In many ways, the products shown in this line guide represent some of the most advanced forms of imaging ever developed.

This is what defines us. In short, it is the way in which we combine engineering and innovation, performance and everyday reliability.

From outdoor signage, vehicle wraps and fine art to stickers, fabrics, wallpapers and beyond, we've got the right solution for the job. You can count on our printers to consistently provide reliable, professional-quality results that will inspire you to do amazing things.

PRODUCT FEATURES	• UltraChrome GS3 4-color solvent ink for amazing photographic print quality • Print speeds up to 610 ft²/hr; production print speeds up to 215 ft²/hr* • PrecisionCore® TFP® printhead technology • Precision media feeding and take-up system • Precision Dot Technology • GREENGUARD Gold Certified • Same-day lamination • Includes workflow software by ONYX® • Includes 1-year on-site limited warranty	• UltraChrome GS3 4-color solvent ink for amazing photographic print quality • Print speeds up to 1,020 ft²/hr; production print speeds up to 550 ft²/hr* • 4-color bulk ink pack system supplies 3,000 mL of ink x 4 colors (S60600L) • Dual PrecisionCore TFP printhead technology • Precision media feeding and take-up system • Precision Dot Technology • GREENGUARD Gold Certified • Same-day lamination • Includes workflow software by ONYX • Includes 1-year on-site limited warranty	• UltraChrome GS3 10-color solvent ink for amazing photographic print quality • Print speeds up to 1,020 ft²/hr; production print speeds up to 340 ft²/hr* • 10-color bulk ink pack system supplies 1,500 mL of ink x 10 colors (S80600L) • Dual PrecisionCore TFP printhead technology • Precision Dot Technology • Precision media feeding and take-up system • GREENGUARD Gold Certified • Same-day lamination • Optional print drying system • Includes workflow software by ONYX • Includes 1-year on-site limited warranty	• Graphtec FC-9000 cutter package included for cutting and finishing • UltraChrome GS3 4-color solvent ink for amazing photographic print quality with print speeds up to 1,020 ft²/hr; production print speeds up to 550 ft²/hr* (S60600) • UltraChrome GS3 4-color solvent ink for amazing photographic print quality with print speeds up to 610 ft²/hr; production print speeds up to 215 ft²/hr* (S40600) • PrecisionCore TFP printhead technology • Precision Dot Technology • GREENGUARD Gold Certified • Same-day lamination • Includes workflow software by ONYX • Includes 1-year on-site limited warranty	• UltraChrome RS Inks formulated for reliable color consistency • Vibrant 6-color resin inks, plus optimizer, produce astounding-quality prints • Immediate lamination and high-scratch resistance help increase total productivity • User-replaceable PrecisionCore TFP printhead for convenient self-service • Enterprise software suite, including Epson Edge® Print, to track jobs, manage variable data and streamline workflow • Supports diverse range of applications, including print fabrics, uncoated papers and other specialty materials • Includes 1-year on-site limited warranty	• UltraChrome UV Inks, including vivid Red Ink, opaque White Ink and varnish, deliver high-quality, tactile prints • Vibrant 10-color UV inks produce stunning prints on a variety of media up to 3" thick • Variable droplet technology produces low graininess and smooth gradations • Multi-vacuum zones easily hold media in place • Eight MicroPiezo® printheads allow for high production in color, two-layer or three-layer print modes • Intuitive Epson Edge Print RIP software • Supports diverse range of applications, including rigid substrates, foam board, poster board and posters • Built-in ionizer removes static electricity for enhanced durability and reliability • Includes 90-day limited warranty with 1-year extended service contracts purchased separately	• Epson Genuine Dye-Sublimation Inks formulated for exceptional dye-sub transfer • Astounding print quality up to 1,200 x 600 dpi • High-capacity ink bottles with mess-free auto-stop • PrecisionCore printhead offers outstanding print clarity • Includes standard Mac® and Windows® print drivers • 150-sheet auto-feed tray • Includes 1-year limited warranty	• Epson Genuine Dye-Sublimation Inks formulated for exceptional dye-sub transfer • Photographic print quality up to 2,400 x 1,200 dpi • Mess-free auto-stop ink bottles • Includes Epson Edge Print workflow software • Supports both roll and sheet-fed media • Built-in Auto Sheet Cutter • Includes 1-year limited warranty	• UltraChrome DS Inks formulated for exceptional dye-sub transfer • Print resolution up to 1,440 x 720 dpi • Capable of achieving speeds up to 680 ft²/hr* • High-capacity 1.5 L refillable ink reservoirs for increased productivity • Includes Epson Edge Print workflow software • Built-in Auto Sheet Cutter • Includes 1-year on-site limited warranty	• UltraChrome DS Inks formulated for exceptional dye-sub transfer • Print resolution up to 1,440 x 720 dpi • Capable of achieving speeds up to 634 ft²/hr* • High-capacity 1.5 L refillable ink reservoirs for increased productivity • Precise take-up reel for complete roll-to-roll media handling • Built-in post-printing heater for reduced ink-drying times • Includes 1-year on-site limited warranty	• UltraChrome DS Inks formulated for exceptional dye-sub transfer • Dual PrecisionCore TFP printhead technology • Print resolution up to 1,440 x 720 dpi • F9470H features Fluorescent Yellow and Fluorescent Pink Inks for high-visibility applications • Capable of achieving production speeds up to 1,169 ft²/hr* • High-capacity 3.0 L refillable ink reservoirs for increased productivity • Includes Epson Edge Print workflow software • Precise take-up reel for complete roll-to-roll media handling • Built-in post-printing heater for reduced ink-drying times • Includes 1-year on-site limited warranty	• UltraChrome DS Inks formulated for exceptional dye-sub transfer • Print resolution up to 1,440 x 720 dpi • High-density Black Ink produces exceptional color saturation and high contrast • High-capacity 20 L replaceable ink pack system for longer print runs • Advanced auto paper tension control and fabric head wiper enable continuous production • Includes Epson Edge Print workflow software • Precise take-up reel for complete roll-to-roll media handling • Built-in post-printing heater for reduced ink-drying times • Includes 1-year on-site limited warranty • On-site service and self-repair service options available	• UltraChrome DG Inks for exceptional direct-to-garment imaging • High-capacity 600 mL ink cartridges with 2-year shelf life • PrecisionCore TFP printhead optimized for production using UltraChrome DG Inks • Produces DTG transfers to expand the range of print applications • Fast loading with fabric platen cover • Self-cleaning system with in-line cleaning cartridge • Includes 1-year on-site limited warranty	• UltraChrome DG Inks for exceptional direct-to-garment imaging • Replaceable bulk 1.5 L ink packs for less frequent ink refilling and lower costs • Dual 2.6" PrecisionCore printheads deliver industrial print quality • Automatic garment thickness detection adjusts printhead depth and optimizes print quality • Quick-load platen reduces traditional hoop platen load times • Epson pretreatment solutions for natural fiber and polyester fabric printing • On-site service and self-repair service options available

Advanced Printhead Technology

Engineered for reliability, our innovative PrecisionCore printhead delivers exceptional print quality with speed, consistency and precision.

Epson Professional Media

Epson professional media is designed to deliver optimal print results. Our wide selection of media types provides the high performance and optimal quality expected in production environments. Each type of media is optimized for use with Epson ink and printers to ensure consistent quality. It's just one reason why production users prefer Epson media.

Industry-Leading Ink Technology

At Epson, we have dedicated more than 80 chemical engineers to pushing the limits of ink technology, making Epson inks the standard in commercial printing industries, from signage to photography to textiles. Across the entire printer line, our latest generation of Epson inks provides outstanding print quality for the most demanding printing requirements.
