

Technical specifications for EcoTank® M1120

PRINT	
Print technology	MicroPiezo® inkjet technology, optimized for monochromatic printing
Print direction	Bi-directional
Nozzle configuration	360 nozzles black (2 rows of 180 nozzles)
Ink droplet size	3 picoliters with variable ink drop technology
Print language	Epson ESC/P Raster and ESC/P-R (without PC)
Maximum print resolution	1440 x 720 dpi
Maximum print speed*	32 ppm (draft, A4/letter)
ISO print speed†	15 ppm (A4/letter)
First Page Out Time (FPOT)***	Approx. 8 seconds once the data is received (A4/letter)
Duplex printing ISO	Manual (includes driver support)
Recommended monthly duty cycle*	250 - 1,500 pages
Recommended maximum duty cycle*	Up to 15,000 pages
WIRELESS PRINTING	
Print functions	Colorize, print in silent mode
WIRELESS PRINTING	
Wireless printing‡	Epson Connect™, Epson iPrint™ APP (iOS®, Android™), Epson Email Print®, Remote Print Driver, or: Google Cloud Print™
CONNECTIONS	
Interface and connectivity	Hi-Speed USB, Wi-Fi (802.11 b/g/n), Wi-Fi Direct™
Compatibility	Windows Vista®/Windows® 7/Windows® 8/8.1/Windows® 10 (32 bit, 64 bit) Windows Server® 2003 (SP2) - Windows Server® 2016*, Mac OS® X 10.6.8 - Mac OS® 10.14.x‡
PAPER HANDLING	
Number of paper trays	1 front
Paper loading capacity (80g/m²)	150 pages, 10 envelopes and 30 post cards
Output tray capacity	30 pages (A4/letter), 20 post cards
Paper output	Face-up
Maximum size	Legal 8.5 x 14" (216 x 356 mm)
Paper formats	Plain paper: A6 (105 x 148 mm), half letter (140 x 216 mm), executive (184 x 267 mm), A4 (210 x 297 mm), legal 9.846 x 12.4" (251 x 315 mm), letter 8.5 x 11 (216 x 280 mm), 8.5 x 13" (216 x 330 mm), Mexico Legal 8.5 x 13.4" (216 x 340 mm) and legal 8.5 x 14" (216 x 356 mm), user defined (min. 3.5 x 5/89 x 127 mm - max. 8.5 x 47.2" 215 x 1200 mm), #10 envelopes 4.1 x 9.4" (105 x 241 mm)
Paper types	Plain paper, Premium Presentation Paper Matte, Premium Presentation Paper Matte Double-Sided, Presentation Paper Matte
Print margins	Top / Bottom / Left / Right: 3mm
Paper supported weight	Plain paper: 64 - 90 g/m²
SIZE	
Weight and dimensions (width x depth x height)	Weight: 7.7 lb (3.5 kg) excludes inks and cables Open: 14.8 x 20.2 x 6.3 inches (375 x 512 x 161 mm) Closed: 14.8 x 10.5 x 6.3 inches (375 x 267 x 161 mm)

What's in the box?	
Black and white printer M1120, installation guide, CD-ROM with drivers, power cable, USB cable, 2 initiation ink bottles TS34	
Origin country	
Philippines	
Limited and extended warranty	
1 year standard warranty and extended to 5 years by registering the product*	
Ecological characteristics	
Meets RoHS compliance	
Energy consumption (approximate)	
14 W (in operation mode)	
3 W (in ready mode)	
0.7 W (in sleep mode)	
Rated voltage	
AC 100 - 240 V	
Rated frequency	
50 Hz - 60 Hz	
Rated current	
0.4 - 0.2 A	
INK	
Included bottles yield	
2 bottles of black ink included print up to 11,000 pages*	
Replacement bottle yield TS34	
1 bottle of black ink print up to 6,000 pages*	
Replacement bottle yield TS34S	
1 bottle of black ink print up to 2,000 pages*	
Genuine Epson pigmented ink	
Ideal for printing documents with clear and sharp text, long-lasting with water and discoloration resistance. This EcoTank® M1120 was designed to use genuine Epson inks. Epson recommends the use of genuine ink to ensure reliable quality prints. Don't risk your warranty by using non-genuine inks that could cause damages not covered.

Small black ink bottle TS34S120-AL	

* Epson ink tanks units sold worldwide as of October 2018. ECOTANK is a registered trademark of Seiko Epson Corporation. † Maximum pages per minute (PPM) are measured after the first page and are based on test patterns in draft mode on plain paper. Time of printing varies depending on system configuration, the software used and the complexity of the page. ‡ Black printing speed is measured according to the ISO / IEC 24734 standard. Time of printing varies depending on system configuration, the software used, and the complexity of the page. For more information visit www.epson.com/extended †† FPOT print speed is measured according to the ISO / IEC 17829 standard from ready mode with the Adobe reader files. 1- Part of the ink of the included bottles is used for the initial configuration, so the yields are lower than the replacement ink bottles. Yields of replacement ink bottles are based on the ISO / IEC 19752 standard using Epson methodology. The yield of such by-products can vary considerably, due to issues that include printed images, printing configuration, temperature and humidity. The ink is used to print and for the maintenance of the printer, and the ink must be available for printing. For more information, visit www.epson.com/garanta. 2- In comparison with the best selling A4 monochromatic laser printers and multifunctions with a print speed range of 1 to 30 ppm, sold during 2017 in Latin America. Calculation based on continuous printing with individual large capacity cartridges. Real savings vary depending on the print jobs and the conditions of use. 3- Value based on the equivalent yield of 2 bottles included with the Epson EcoTank M-Series, expressed as cost per page and weighted average yield of the replacement cartridges of the "comparison set of laser printers". 4- The standard warranty is from 0 to 3 months without page limits and 4 to 12 months or 25,000 pages (whichever happens first). To obtain 48 additional months (total of 60 months of warranty), or up to 60,000 pages (whichever happens first), register your product within 30 days of purchase. For more information about the Extended Warranty, go to www.epson.com/garanta. 5- The energy savings is compared to the "comparison set of laser printers", based on the voltage in operation mode specified by competitors. The exact energy savings will vary depending on the use of the printer. 6- Wi-Fi Certified™: the level of performance depends on the reach of the router used. Wi-Fi Direct® could require printer software. 1-7- Only the printer is compatible with the Windows Server® OS. 8- Internet access is required to install drivers and OS X software 9- A monthly duty cycle of up to 15,000 pages is the highest cycle that a user can expect in one month with an almost constant use of the printer. It is not advisable to make the printer reach this level of cycle. To obtain the highest yield from the printer, use the printer within the recommended duty cycle of 250 - 1,500 pages per month.
