Creative Corner: Snapshots

Creative Corner: Snapshots

1. Cut out.
2. Cut along the dashed lines on the camera screen (you can fold along the full line in the middle to make cutting easier)
3. Insert film strips through the slits.
4. Fold the ends of the film.
5. Feel free to color the camera and the frame in a way you think looks best.

Please refer to the image above for guidance on the expected cutting format.

The image above is attached for your reference.

Creative Corner: The Crown

Creative Corner: The Crown

1. **Make the base**

Cut a long strip of green paper and form it into a circular band. Glue or tape the ends together.

2. **Create the flowers**

Cut out small flower shapes from colored paper (pink, blue, purple, yellow, white).

3. **Assemble the flowers**

4. **Attach to the band**

Glue the flowers evenly around the green band.

5. **Let it dry**

Allow everything to dry properly before using.

That's it—your colorful flower band is ready!

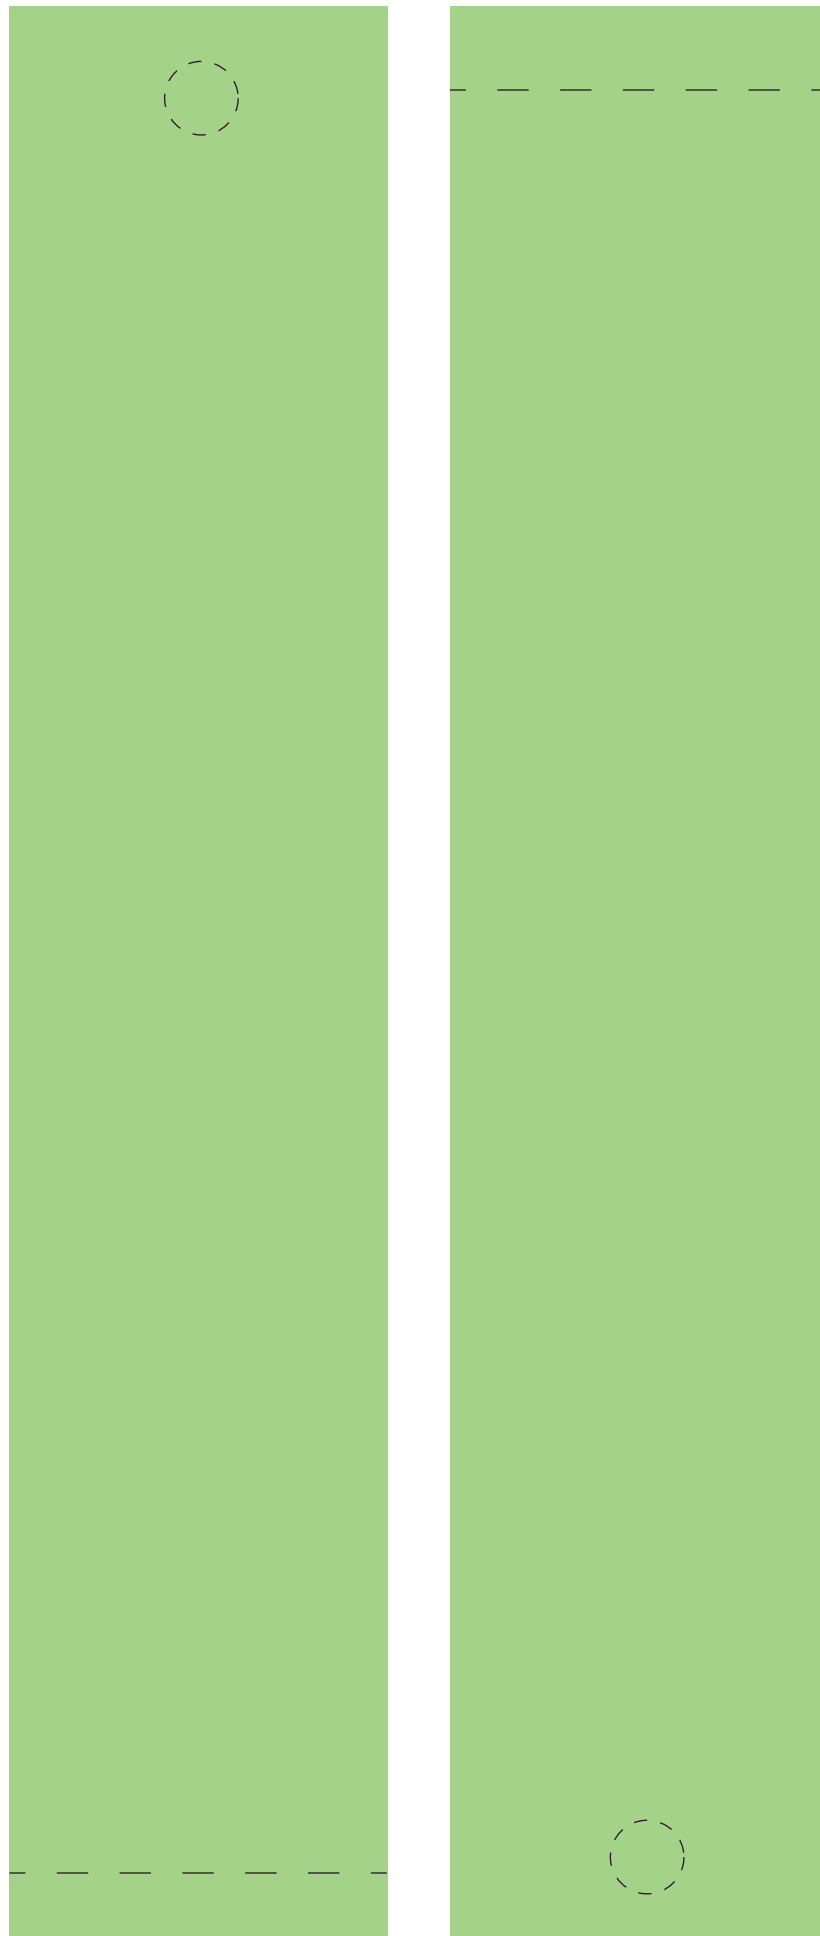

EPSON

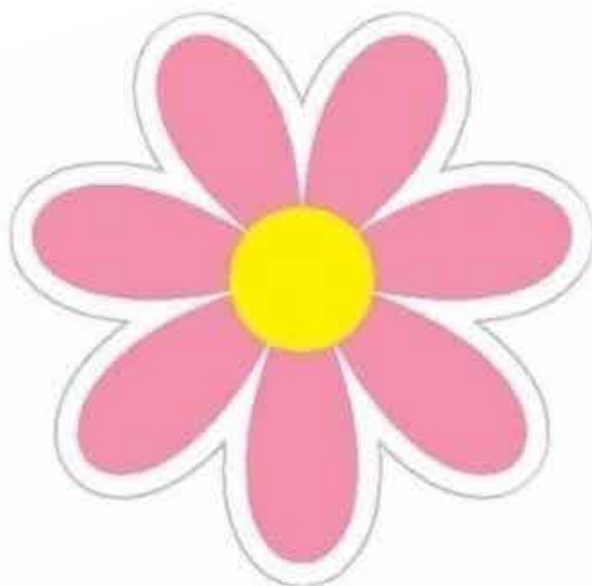

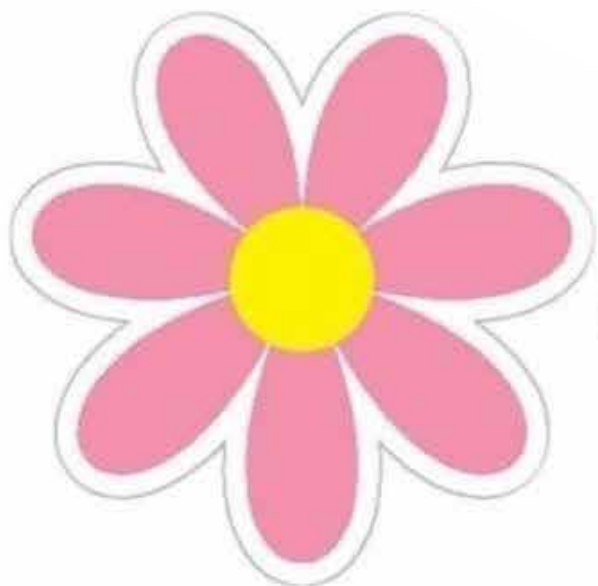

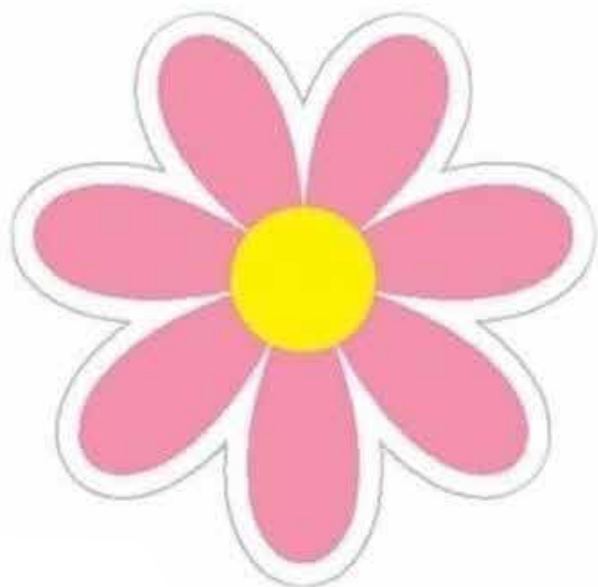

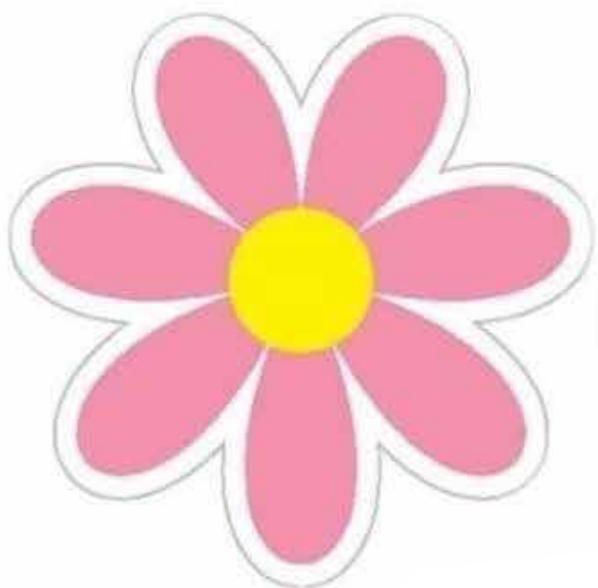

Cut the rectangular band and join the ends along the dashed line. Add a ribbon through the holes to keep the flower crown secure.

Cut the circle.

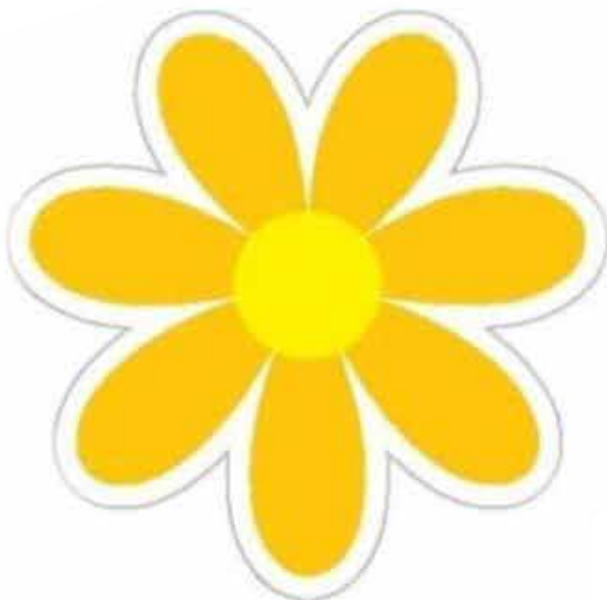

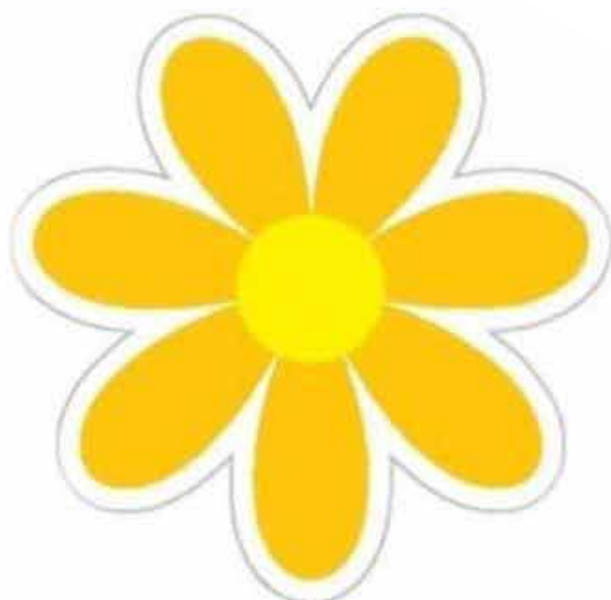

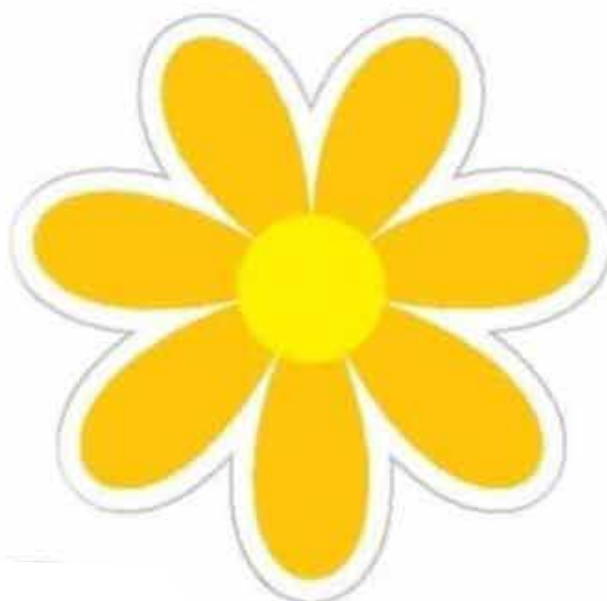

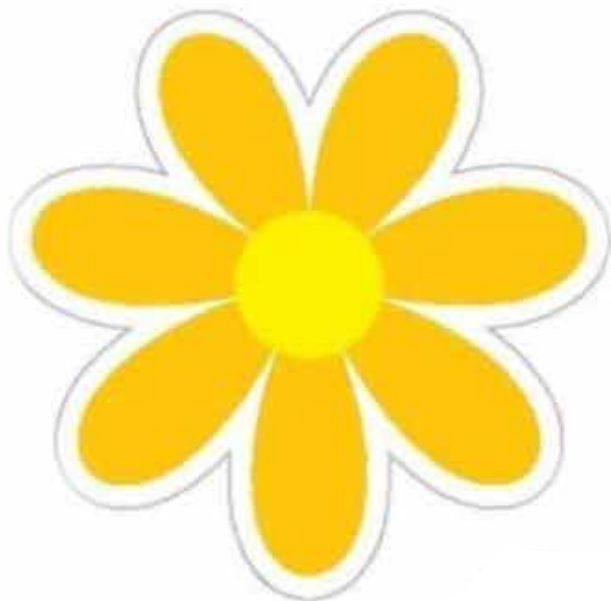

Join the ends along the dashed lines.

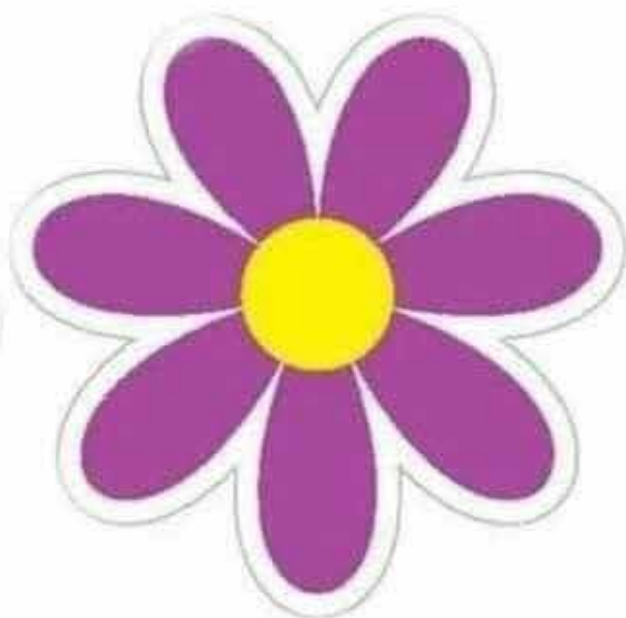

Cut the flowers using the provided die-line.

Creative Corner: Pop-Up Card

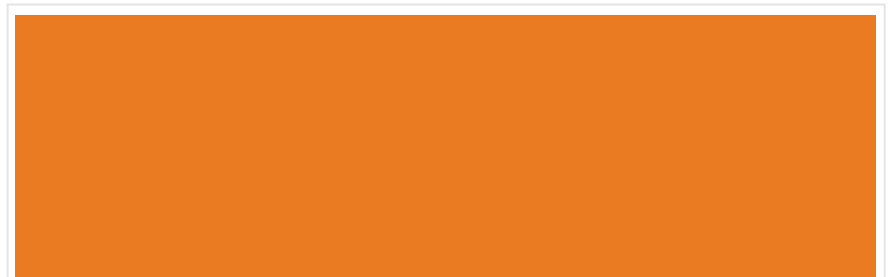

Creative Corner: Pop-Up Card

1. Cut along all solid outer lines.
2. Cut dotted areas (insert box + side flaps).
3. Fold arms inward, legs slightly up, tail outward.
4. Paste only the body onto a folded card base.
5. Keep arms free for the hug effect.
6. Colour & customise as desired.

The image above is attached for your reference.

On the third page, use the attached sheet as the cover for the card. Then, carefully stick the cat onto the front of the card cover.
