your dye sublimation
business.**

PRECISIONCORE

Epson Cloud Solution
PORT

High-speed production —

Sellable-quality print speeds at 80m²/hr¹.

Robust productivity —

2.6" PrecisionCore MicroTFP® printhead with Nozzle Verification Technology.

Amazing image quality —

UltraChrome® DS ink produces exceptional color saturation and high color contrast.

More color options with expanded inks —

CMYK plus fluorescent pink and yellow.

Improved ease of use and simple operation —

High-capacity ink pack system is interchangeable during production and an intuitive 4.3" touchscreen.

Seamless workflow —

Includes Epson Edge® Print, with Adobe® PDF Print Engine; compatible with popular RIP software.

Low user maintenance —

Fabric head wiper and easy-access maintenance area help ensure consistent performance.

Fleet productivity with Epson Cloud Solution PORT² —

Provides live monitoring of printer status, including production rates and printer utilization.

Peace of mind —

1 year limited warranty; extended service plans available for a total of 3 years of coverage.

¹Designed for use exclusively with Epson ink packs.

Print

Printing Technology PrecisionCore MicroTFP® drop-on-demand printhead with Nozzle Verification Technology

Ink Type UltraChrome® DS with fluorescent pink and yellow, 6 colors

Ink Configuration C, M, Y, HDK plus Fp/Fy

Nozzle Configuration 1600 nozzles per color x 6 colors

Droplet Technology Variable-Sized Droplet Technology

Maximum Resolution 600 x 1200 dpi

Ink

Ink Pack Filling Volume³ Two packs of 1.6 L per color (interchangeable during production) x 6 colors
Shelf life of ink pack is 2 years from the printed date of production
*This printer is designed for use with genuine Epson ink packs only, not with third-party ink packs or ink

Roll Media Handling

Single Roll-to-Roll Up to 164.5 cm (64")

Roll Media Core 5 cm or 7.6 cm (2" or 3") diameter

Maximum Roll Diameter Up to 24.8 cm (9.8")

Maximum Roll Weight Up to 45.3 kg (100lb)

Media Thickness From 0.04 mm up to 1 mm thick

Take-Up Reel Fully automatic "wind in" or "wind out" with tension control

Printable Area and Accuracy

Maximum Paper Width 162.5 cm (64")

Minimum Paper Width 29.9 cm (11.8")

Left/Right Margins 0.5 cm (1 cm total) / 0.20" (0.40" total)

Maximum Printable Width Up to 161.5 cm (63.6")

Printer Interfaces

SuperSpeed USB 3.0 (1 port)

1000 Base-T Ethernet (1 port)

General

Temperature

Operating: 15 °C to 35 °C (59 °F to 95 °F)

Operating (Recommended): 15 °C to 25 °C (59 °F to 77 °F)

Relative humidity

Operating: 20 % - 80 % (no condensation)

Operating (Recommended): 40 % - 60 % (no condensation)

Power consumption

Printing: 1.040 W

Idle: 360 W

Sleep: 3.2 W

Weight and Dimensions (W. x D. x H.)

Dimensions: 2620 mm x 929 mm x 1020 mm (103" x 37" x 40")

Weight: 327 kg (721lb)

Electrical Requirements

Printer: Requires two power outlets

Voltage: AC 100 V - 120 V; 200 V - 240 V

Frequency: 50 Hz/60 Hz

Current: 3.2 A - 6.8 A; 10 A - 12 A

Operating Systems Supported

Windows® 11, 10 y 8.1

Minimum PC specifications

CPU: i7-1250U 12th Gen Intel® Core™

Memory: 32GB

Hard disk: 1TB PCIe NVMe SSD

Communication interfaces: Ethernet RJ45 Card (1 Gbps) or USB-C to Ethernet Adapter (1 Gbps). It is recommended to connect to a fixed IP address

Screen resolution: 1920 x 1200

User and active session must have administrator rights

The installed antivirus software must have exceptions configured for Epson programs (Epson Edge Print®, Epson Edge Dashboard®)

Eco Features

RoHS compliant

Epson America, Inc. is a SmartWay® transportation partner

What is included

SureColor® F9570H printer, Maintenance Kit, Media Lifter, Wiper Roll, Dryer Unit, Ink Supply Unit, Epson Edge® Print Pro Software, Power Cord (x2), User Guide
(Ink packs sold separately; required for printer setup)

Limited Warranty and Service

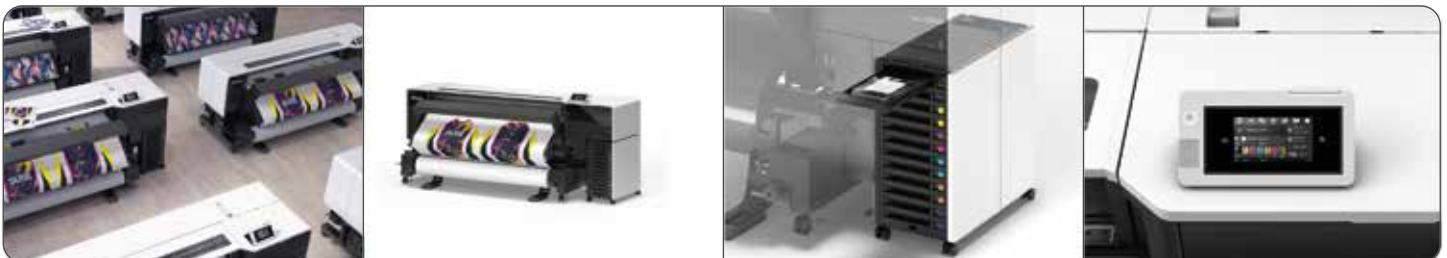

Warranty⁵ 1 year limited

Extended service plans

Full plan Purchase before the end of the standard warranty EPFF9000S1L

Complete plan with PORT⁶ connection

(must be connected to PORT®) EPFF9000S1R

ECO PASSPORT de OEKO-TEX® is a system by which textile chemical suppliers demonstrate that their product can be used in a sustainable textile production. Epson dye-sublimation ink is certified by the ECO PASSPORT. This is an international safety standard in the textile industry. It is certified to be safe for adults and children, including babies.

* This product uses only genuine Epson-brand ink packs. Other brands of ink packs and ink supplies are not compatible and, even if described as compatible, may not function properly or at all. | 1 Print speeds are based on the print engine speed only. Total throughput time for any print depends on various factors including workstation configuration, file size, print resolution, ink coverage and networking. Actual print speeds will vary. | 2 All features of this system require an active Internet connection and the use of a compatible browser. | 3 Part of the ink from the first cartridges/packs is used for initializing the printer. Ink usage will vary considerably based on images printed, print settings, paper type, frequency of use, temperature and humidity. Variance may be more pronounced when printing infrequently or predominantly with one ink color. Ink is used for printing and printer maintenance, and all colors must be available for printing. For print quality, a variable amount of ink remains after the "replace ink" indicator comes on. | 4 SmartWay® is an innovative partnership with the U.S. Environmental Protection Agency that reduces greenhouse gases and other air pollutants and improves fuel efficiency. | 5 The product comes with a 1 year limited warranty with the option to purchase extended service plans. | 6 Customer must sign up for an Epson Cloud Solution PORT account to utilize this plan. All features of this system require an active Internet connection and the use of a supported browser. See extended service plan for details.
