## **ORIENT adds Simple Date ladies' mechanical watches to its Contemporary Collection**

---

ORIENT adds five Simple Date ladies' mechanical watches to its Contemporary Collection, each featuring a stunning dial with eight rhinestones for indices and a dressy five-row metal bracelet. The date window at 6 o'clock is round and matches the shape of the rhinestones, and the minute scale is placed inside the indices for better visibility. Two models feature mother of pearl dials, which complement the brilliance of the rhinestones. The metal bracelet's short pitch links and clasp can be adjusted for optimum comfort. These smaller sized watches widen the choice of ladies' models in ORIENT's portfolio.
