

THE WORLD'S BRIGHTEST **3LCD LASER PROJECTOR** HAS ARRIVED.

AUDITORIUMS, MUSEUMS
LECTURE THEATRES
CONCERT VENUES
3D MAPPING
OUTDOOR PROJECTION

EB-L25000U

Illuminate your space the right way, with unprecedented brightness of 25,000 lumens from the future-ready Epson EB-L25000U Laser Projector.

High-definition images with 4K Enhancement technology

Epson's 4K Enhancement technology assists by shifting pixels diagonally by 0.5 pixels to double the resolution, delivering crisp, high-definition images.

World's brightest 3LCD laser projector

The Epson developed laser optical engine and inorganic LCD panel have made it possible to achieve 25,000 lm with a 3LCD projector.

Multi-directional projection

EB-L25000U can be rotated 360° in any direction - horizontally, vertically and rotationally - without any loss in image brightness.

Laser light source life of 20,000 hours for maintenance-free operation
