Only graphics manufacturers having a current Certificate of 3M™ MCS™ Warranty are eligible to extend this Warranty to their customers.

To find the best combination of protection and film for your graphic application including conformability, gloss, adhesion to substrate and other attributes, please review product and instruction bulletins.

## Notes

- Finished graphic warranty periods are given in years and a maximal height of 1500 m above sea level.
- Statements based on the recommended types of graphics and end uses of the product. See the product bulletin for the specific 3M film for limitations of end use.
- Graphics used on the exterior of any type of vehicle or subjected to abrasion or chemical require a 3M Graphic Protection (overlaminated or clear).
- Note the specific requirements for applications on watercrafts given in Instruction Bulletin 5.42.
- Non-OEM painted vehicles: No warranty for paint damage.

Interior: Application inside a building without direct exposure to the elements.

Watercraft: Application to any type of water vehicle above the static water line.

## Warranty and Limited Liability.

The following is made in lieu of all other express or implied warranties, including any implied warranty of merchantability or fitness for a particular purpose. All 3M products are warranted to be free of defects in materials and manufacture at the time of shipment and to meet the specifications stated in the film or media's Product Bulletin. All questions of warranty and liability relating to this product are governed by the terms and conditions of the sale, subject, where applicable, to the prevailing law.

**DISCLAIMER:** With the exception of 3M branded products, 3M does not represent that any printer or printer accessory recommended in 3M literature will meet customer requirements, any federal, state or local regulations, or any applicable safety standards. Such determination is the responsibility of the printer owner.

## Types of exposure:

**Vertical:** The face of the graphic is  $\pm 15^\circ$  from vertical. Unless otherwise noted this type of exposure is the base for the mentioned warranty periods.

**Non-vertical:** The face of the graphic is greater than  $15^\circ$  from vertical to horizontal.
