

Equipment Technician

[Apply Now!](#)

The **Equipment Technician** works under general supervision to maintain pneumatic automated production equipment used in the manufacturing process. Using their technical knowledge, the **Equipment Technician** will perform preventive maintenance, mechanical and/or electrical troubleshooting, and maintenance projects in relation to meeting the quality, production, and cost improvement objectives for the Ink Cartridge Manufacturing department.

Shift: Monday – Friday; 7:00am – 3:30pm

Essential Functions

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

1. Inspects, troubleshoots, and maintains robots and related pneumatic automated production equipment.
2. Utilizes PLC programs for troubleshooting
3. Utilizes test and diagnostic equipment to perform equipment audits/maintenance
4. Troubleshoots manufacturing equipment issues, completes assigned repair/maintenance projects, and performs preventive maintenance checks as required
5. Documents maintenance projects and maintains a log of issues/resolutions
6. Inspects and analyzes defective parts to determine necessary machine adjustments
7. Responds to urgent maintenance projects/requests in support of manufacturing
8. Record spare part usage and communicates low inventory items to appropriate personnel
9. Supports Engineering Technicians in addressing quality issues
10. Supports team projects and process improvement activities as directed.
11. Follows and enforces company-wide safety programs including lock out/tag out procedures, and ensures safety guards are in place and in proper working order.

Education and Experience

1. AA degree in electronics or related field preferred.
2. 2-4years combined mechanical and/or electrical maintenance experience or equivalent.
3. Demonstrated ability to make adjustments to/and work on various automated production equipment with limited supervision.
4. Demonstrated ability to utilize PLC programs for troubleshooting.
5. Demonstrated ability to identify and communicate issues and offer proposed solutions.
