Business Printing Solutions **Epson**

WorkForce®

Heat-free PrecisionCore™ technology.

PRECISIONCORE
HEAT·FREE

EPSON®

Choose a new core for your business

Epson introduces its refreshed line of **Epson WorkForce®** Business Printing Solutions that enable today's businesses to enter a modern era of printing, with revolutionary heat-free PrecisionCore™ technology.

This innovation was designed by Epson to generate efficient ink and low energy consumption, which helps minimize waste and reduce electricity costs.

EFFICIENT

Built for productivity.
They print instantly with no hassle and no waiting time.

RELIABLE

State-of-the-art performance.
A scalable solution with a minimum of parts that can be damaged.

RESPONSIBLE

Focused on saving energy.
Minimize your impact with efficient ink use and low energy consumption.

Exclusive heat-free PrecisionCore™ technology

An all-in-one chip with reliable and highly scalable performance, designed for higher efficiency and lower power consumption.
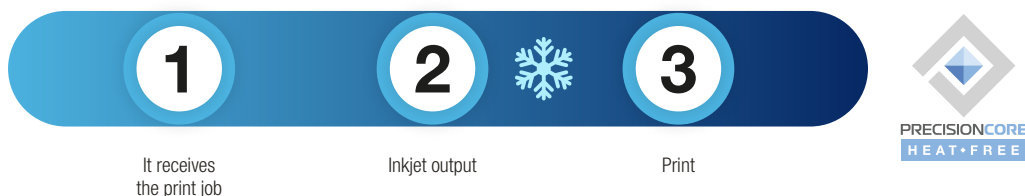

Not all printing processes are the same

Heat-free vs. laser printing

Epson WorkForce®

This method requires only **3 steps** to make a printout

1 — It receives the print job

2 ❄️ — Inkjet output

3 — Print

PRECISIONCORE
HEAT•FREE

Laser Printing

Complex process involving up to **8 separate stages**

1 — It receives the print job

2 — Preheats the fusion unit

3 — Loads the photoreceptor cylinder

4 — Heat exposure

5 — Developing

6 — Toner transfer

7 — Fusion

8 — Print

Learn About Our Epson WorkForce® Solutions Portfolio

WorkForce® Enterprise

Speed, quality and advanced security features. WorkForce® Enterprise printers are ideal for large workgroups, businesses and corporations.

WorkForce® Pro

Created to meet the demanding needs of small, medium and large corporate workgroups. Equipped with high-capacity inks to maximize uptime.

EcoTank® Business

Perfect for coworking spaces, businesses and small offices. Forget changing inks frequently, with our high performance and highly reliable printers your business won't stop.

Enterprise Printing Solutions

Epson WorkForce® printers are compatible with Epson Solutions and third-party solutions that allow them to quickly integrate with existing workflows, enabling greater productivity.

Epson Print Admin Serverless

Increase the security and productivity of Epson devices without management. This comprehensive solution enables features that improve print management and routing of scanned documents without the need for an external server.

Epson Print Admin

Improve control of your devices and print volume, increasing security and reducing costs. This server-based print management solution is an ideal tool for small and medium-sized corporate workgroups.

Epson Print Admin with Advanced Workflows

Take control of your print environments with information capture and processing capabilities. Count on this Epson Print Admin-based print and capture management solution that creates secure print, scan and copy environments.

Epson Device Admin

This powerful tool was designed to simplify the installation, configuration and management of Epson printers and scanners. It features alerts, counters and automated reporting for easy device management.

Epson Open Platform

An application development platform that enables direct integration between compatible Epson devices and certified software applications.

Epson Remote Service

A cloud-based fleet management solution. It features remote monitoring, control and diagnostics through service and supply alerts and automated reporting. Simplify management of your Epson devices while improving operational efficiency and reducing service-related costs.

Epson Security Features

Printer security is essential to an organization's information security strategy. That's why Epson incorporates security features into its business printers, whether you're concerned about user, network or data security. Epson's business printer technology is designed to meet your business requirements.

Protection against external threats

Epson solutions can help block unapproved computer connections and disable external interfaces.

Document security

Secures confidential documents, uses anti-copy patterns, adds watermarks and encrypts PDFs with certain Epson printers. Compatibility varies by model.

Secure network protocols

WorkForce® Enterprise, WorkForce® Pro and selected other printers can use IPsec/IP filtering, TLS communication and SNMPv3.

Automated security

Facilitates the installation, configuration and management of all Epson networked devices with Epson Device Admin.
