EcoTank is a registered trademark of Seiko Epson Corporation. *Epson ink tank units sold worldwide through July 2021. **Requires download of Epson Smart Panel application. Data usage fees may apply. 1 - The maximum number of pages/copies per minute (PPM/CPM) is measured after the first page with test patterns is drafted or executed depending on print mode or color page. Actual print/copy times will vary based on system configuration, software and page complexity. 2 - Black and color copy speeds are determined in accordance with the ISO/IEC 24734 standard. Actual print/copy times may vary based on system configuration, software and page complexity. For more information, visit latin.epson.com. 3 - Based on scanning an A4 sized document at 250 dpi in black and white and color in PDF format using the USB interface. Scan speed depends on network conditions. 4 - The standard warranty is 0-3 months with regular use and 4-12 months, or up to 15,000 pages, whichever comes first. For an additional 12 months (24 month total warranty) or up to 30,000 pages (whichever comes first), register your product within 30 days of purchase and use genuine Epson ink bottles. For more information about the extended warranty program, visit latin.epson.com/warranty. 5 - Part of the ink from the bottles included and used for the initial configuration, yields are lower than those of full ink bottles. The yields of included ink bottles and full ink bottles based on ISO/IEC 24732 test pages, using Epson methodology. Actual performance may vary considerably, for some reasons including printed images, print settings, temperature and humidity. Performance may be lower when not regularly impressed or when predominantly impressed with just a certain amount of ink. All ink costs are used for printing and printer maintenance, and all costs must be available for printing. For more information, go to latin.epson.com. 6 - Wi-Fi CERTIFIED™ is the performance level depends on the range of the router used. For more information, visit latin.epson.com.
