BRING CONVENIENCE TO YOUR LIFE

Epson's legacy of delivering great scanner performance continues with this scanner range that empowers you to achieve more with our advanced technologies.

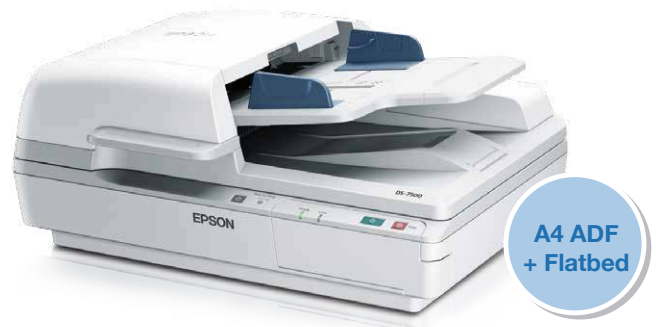

Epson Perfection V800 Photo

- Use energy-saving and eco-friendly ReadyScan LED light sources to achieve zero warm-up time, providing hyper-responsive scanning
- Equipped with film holders for 35mm strip film or mounted film, 6 x 20cm medium format film, 4" x 5" large format film and a film area guide for scanning up to 8" x 10" transparency, experience versatility and ease in your scans
- The Dual Lens System is capable of resolutions up to 6400 dpi (Film scanning using the film holder) with an Optical Density of 4.0 Dmax for film scanning and 4800 dpi for reflective scanning
- Backlight Correction helps to reduce interference from background light by correcting shadows, creating a clearer and sharper image.

Epson WorkForce DS-7500

- One-pass, high-speed scans of up to 40ppm / 80ipm (monochrome and colour) for A4 documents
- Optional network capability
- 100-sheet ADF for convenient, automated batch scanning
- Document Capture Pro (For Windows only) allows easy management of scanned documents and quick access to post-scan destinations such as Scan-to-Cloud, Windows Public Folder, etc

Epson WorkForce DS-530 / DS-570W

- Speedy scanning of 2-sided documents in a single pass, at 35ppm/70ipm at 300dpi (colour and monochrome)
- High daily duty cycle of 4,000 pages
- A3 documents folded in half can be scanned in one pass without a carrier sheet and automatically stitched back into A3 size
- Document Capture Pro (For Windows only) allows easy management of scanned documents and quick access to post-scan destinations such as Scan-to-Cloud, Windows Public Folder, etc

DS-570W is the WiFi model that suits various customer needs. NFC Supported.

Optional Flatbed Scanner Dock to connect with V39 flatbed scanner for wider application

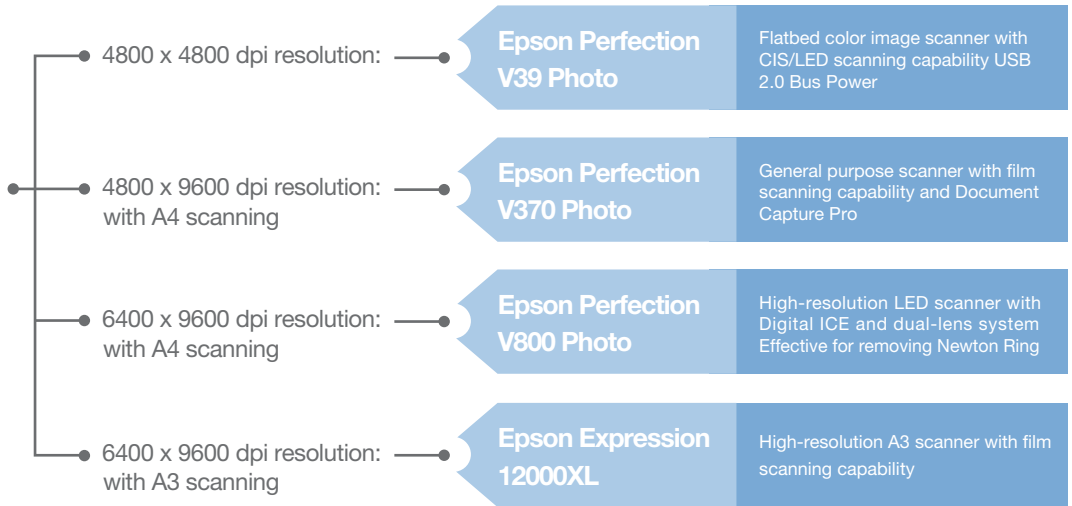

Epson WorkForce DS-7000

- One-pass, high-speed scans of up to 40ppm / 80ipm (monochrome and colour) for A4 documents
- Optional network capability
- 200-sheet ADF for convenient, automated batch scanning
- Document Capture Pro (For Windows only) allows easy management of scanned documents and quick access to post-scan destinations such as Scan-to-Cloud, Windows Public Folder, etc

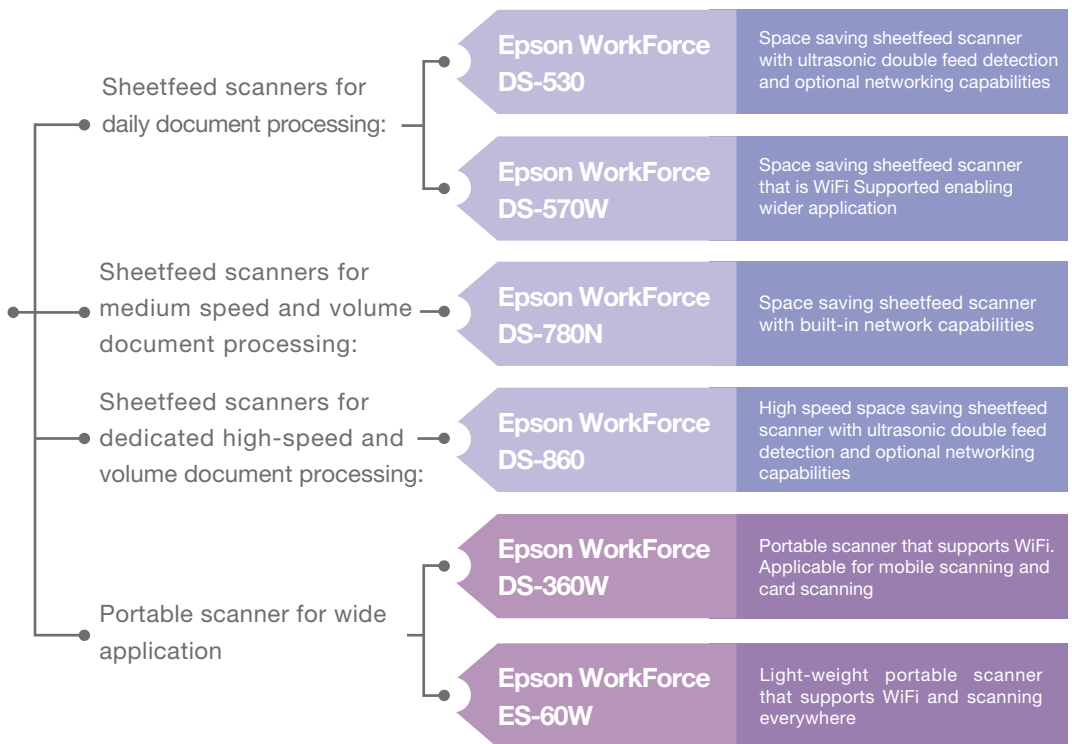

Choose an Epson scanner that's right for you.

IMAGE SCANNER PRODUCT FEATURES

Scanner Technology

Dual Lens™

The new Dual Lens™ System automatically switches to the optimum lens to support high resolution scanning of up to 6400dpi and optical density of 4.0 Dmax to achieve the best scanning results.

*Photo Scanner V800 only

Save Time with Environmentally-Friendly Epson ReadyScan

With Epson ReadyScan LED Technology, scanning starts instantly with no warm-up time required. The technology is environmentally-friendly as it is mercury-free, low in heat dissipation and requires lower power consumption.

Total Image Correction and Enhancement Solution*

Stubborn dust or scratch marks from colour films or slides can be removed with Digital ICE™ Technology, an advanced, hardware-based defect removal feature that restores damaged photos to their original condition. Digital ICE™ delivers the best results from film and photos with a total image correction and enhancement solution, combining hardware detection and software processing.

*Available in selected Epson scanner models.

Before (with dust and scratches)

After Digital ICE™ is applied

Epson Scanner Features for All Your Scanning Needs

Colour Enhancement & Colour Dropout

Remove or enhance the visibility of ink signatures such as “Confidential” and “Urgent” stamps. Users can pick one of the preset colours (red, green, blue, pink, purple, yellow, orange, or all colours except black), or use the customized settings to dropout or enhance up to 5 colours of your choice with a single scan.

Photo Enhancement

Inject new life into faded films and photos. Restore original colours of faded photos to make them look as good as new with colour restoration.

Before Colour Restoration

After Colour Restoration

Auto Focus

Auto Focus is able to detect how far the film is from the scan bed and accurately adjusts the focus accordingly.

*12000XL only

Without Auto Focus

With Auto Focus

Built-in Transparency Unit with Film Holder

Selected Epson scanners feature a built-in transparency unit with film holder which allows users to conveniently digitise precious and fragile photo films and slides.

*Available in V370, V800, 12000XL

ArcSoft® Scan-n-Stitch™ *

Scan documents larger than A4 size such as newspapers, scrapbook pages and A3-sized documents with this software that automatically rotates, aligns and stitches multiple sections of a page into a single, seamless image. The final image can be saved in JPEG, BMP or TIFF format.

*This software is supported on Windows OS only.

SHEETFEED SCANNER PRODUCT FEATURES

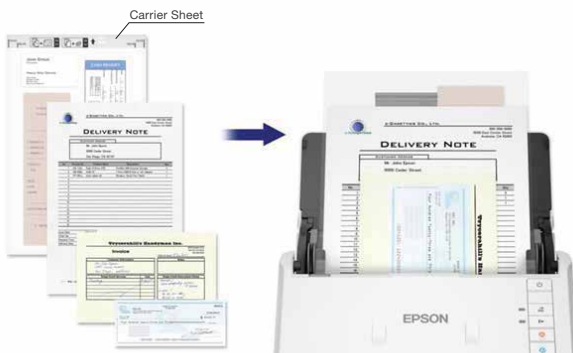

DS-530/DS-570W/DS-780N/DS-860

Support various paper types to meet a range of SOHO/SMB user needs.

Auto carrier sheet detection

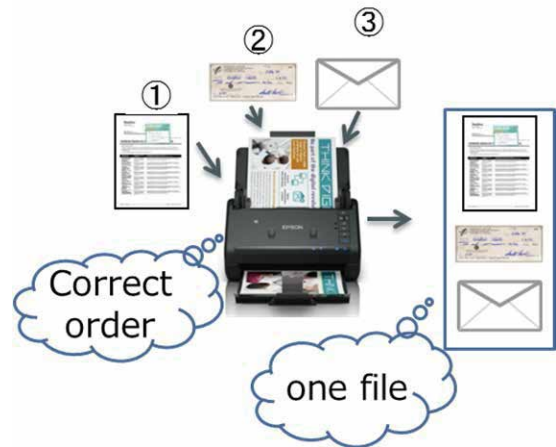

The CS sensor can recognize the carrier sheet automatically when the user sets both normal paper and paper in a carrier sheet. The user does not need to separate types of paper for scanning anymore.

*Both normal paper and carrier sheets can be scanned at once

Auto feeding mode

There is no need to press the scan button each time when scanning papers not in order of size. The user just sets each paper one by one in the desired scanning order and it is fed through the scanner automatically.

Bundled Software for Your Convenience

Presto! Bizcard 5*

A business card Optical Character Recognition (OCR) solution for hassle-free administration and storage of your business contacts.

*Available in selected models only

Network Scanning

With the optional Network Interface Unit connected through its USB port, scanners can be shared with multiple users across your network. Users with Document Capture Pro (for Windows) can assign up to 30 customisable jobs to the Network Interface Unit for push scanning.

Portable Scanner

DS-360W

- ✓ Built-in WiFi and rechargeable battery
- ✓ Special slot for card scanning
- ✓ Compact size and light weight to carry around

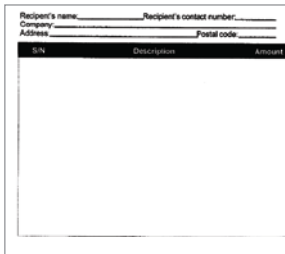

FLATBED SCANNER PRODUCT FEATURES

Epson Scanner Features for All Your Scanning Needs

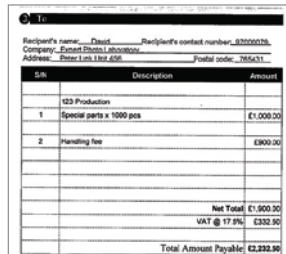

Useful Scanning Functions and Capabilities at Your Fingertips

Text Enhancement

When doing a black-&-white scan on documents with faint text characters, text enhancement works to make text readable.

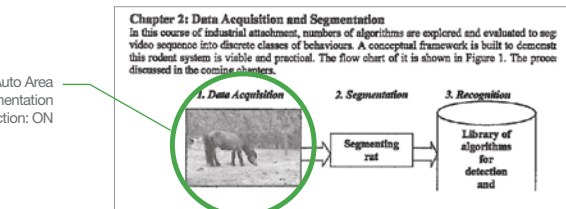

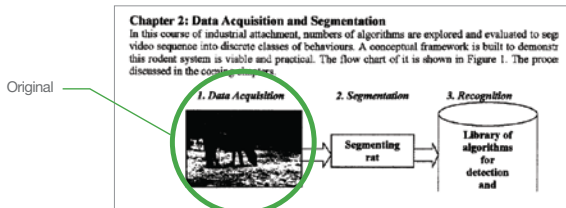

Text Enhancement OFF

Text Enhancement ON

Auto Area Segmentation (AAS)

This feature is useful when the user is performing a black-&-white scan on documents with pictures and graphs. AAS segments a scanned document which has both text and image into 'Text Area' and 'Image Area'. The 'Text Area' is scanned in black-&-white and 'Image Area' is scanned in halftone.

Duplex Scanning

With duplex scanning, you no longer need to flip a double-sided document to capture the information on both sides of a sheet. Furthermore, Epson's sheet-fed scanners are able to scan both sides of a sheet in a single high-speed pass.

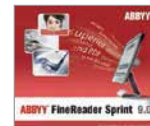

Book Spine Correction

Scans are corrected for shadow and curvature around book spines for better clarity and readability of texts and images.

ABBYY FineReader® Sprint 9 (Version 8 for Mac)*

This Optical Character Recognition (OCR) software transforms scanned paper documents into editable computer files. Traditional and Simplified Chinese, and Japanese texts are supported.

*Available in selected models only

Easy File Management

WorkForce scanners come bundled with professional software that allows you to manage your scanned files easily.

Document Capture Software*

With Epson ReadyScan LED Technology, scanning starts instantly with no warm-up time required. The technology is environmentally-friendly as it is mercury-free, low in heat dissipation and requires lower power consumption.

The software provides quick access to post-scan destinations, including scan-to-print, email, Windows™ Public Folder, FTP, Web Folder, and Scan-to-Cloud services such as Microsoft® SharePoint Server, Evernote®, Google® Drive™ and SugarSync. Document Capture Pro (for Windows) allows assigning of up to 30 customisable jobs to the Network Interface Unit for push scanning.

*Document Capture Pro (Windows), Document Capture (Mac OS X)

DocumentScan app

ES-60W, DS-570W, DS-360W support the new Epson DocumentScan app for easy file management
