^ Standard warranty period is one year or 50,000 pages whichever comes first. [1] Total Colour Cost Per Print = 20 Paise (CMY)+12 Paise (K). Cost Per Print (CPP) is calculated based on quoted Page Yield for Black (6,000 pages) and Composite (Cyan/Magenta/Yellow - 6,500 pages) Ink Bottles, and MRP of Epson Genuine Ink Bottles. Quoted yields are in accordance with ISO 24711/24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. Part of the ink from the initial bottles is used for initializing the printer. Ink is used for both printing and printhead maintenance.
