The SureColor P-Series is designed exclusively for use with our Epson UltraChrome Ink and not for use with any other brands of inks or cartridges.

1 Most features require an Internet connection to the printer, as well as an Internet- and/or email-enabled device. For a list of Epson Connect enabled printers and compatible devices and apps, visit www.epson.com/connect

2 Epson UltraChrome ink sets are expected to create prints that have WIR display permanence ratings of up to 200 years for color and 400 years for black-and-white. WIR lightfastness ratings are based on accelerated testing of prints on specified media, displayed indoors, under glass. Actual print stability will vary according to media, printed image, display conditions, light intensity, humidity and atmospheric conditions. Epson does not guarantee longevity of prints. For maximum print life, display all prints under glass or UV-absorbing acrylic and protect them from prolonged high-humidity environments. Visit www.wilhelm-research.com for the latest information.

3 Posterboard printing available for SC-P700 SC-P900 under specific settings.

Extended Service Plans (ESP's):

Within the first year of hardware purchase, you can also choose an Epson Preferred Plus Extended Service Plan for 1 or 2 years of additional coverage. Renewals of Extended Service Plans can be purchased anytime as long as you are covered under either your limited warranty or an Extended Service Plan. Select a plan that best meets your coverage needs, while providing a cost-effective way to protect your investment and manage costs.

- Plans are Next-Business-Day Whole Unit Exchange
- 1-year or multi-year plans available
